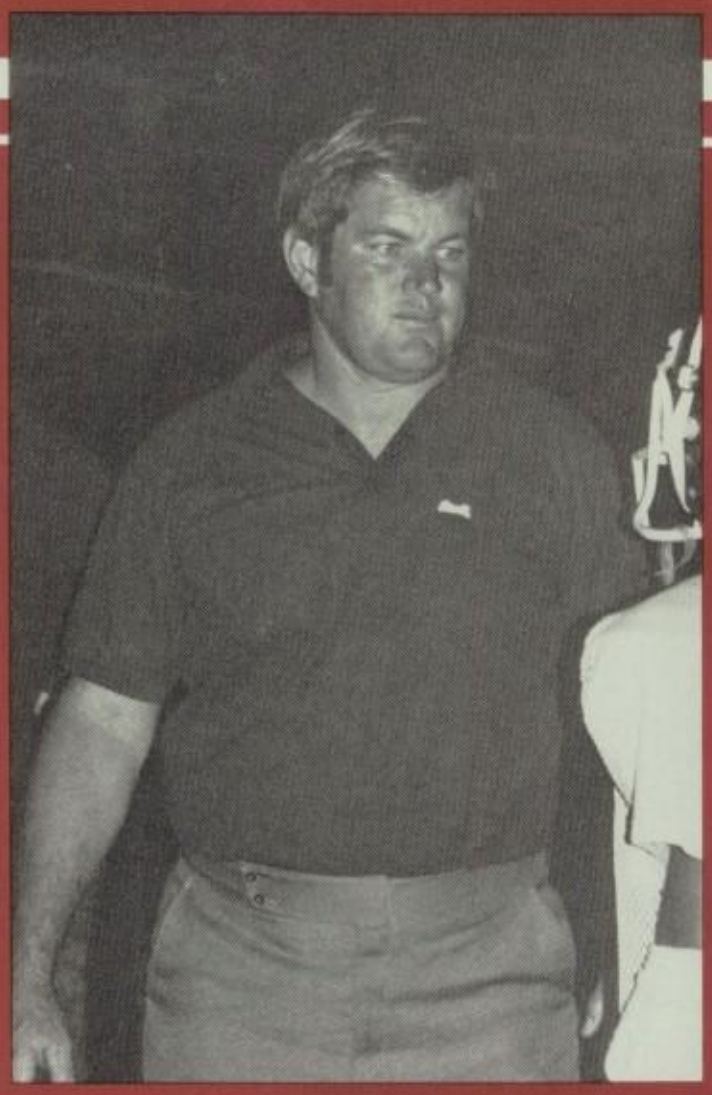
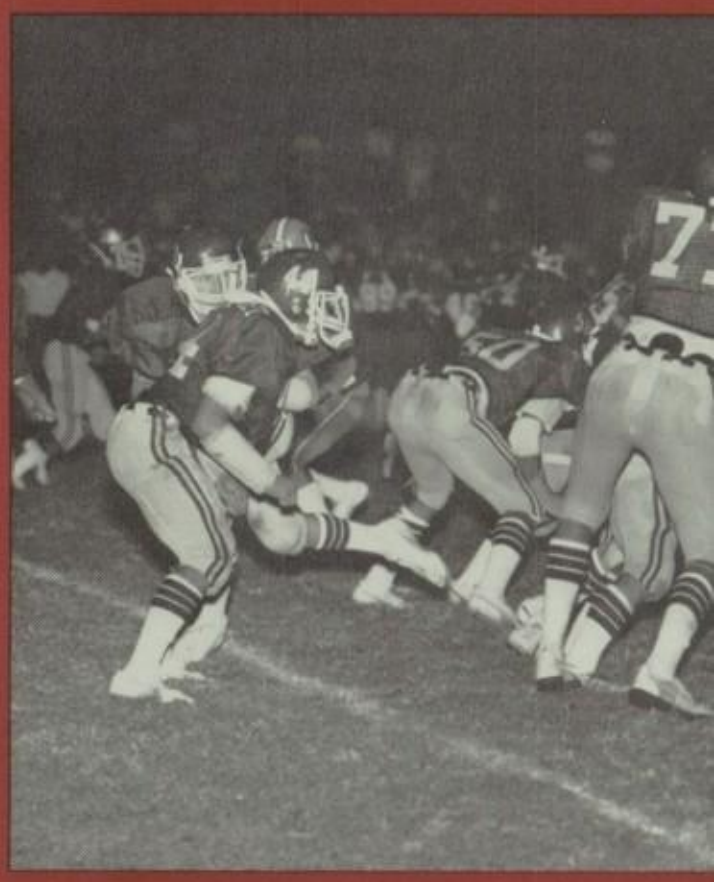
CLASS OF '83

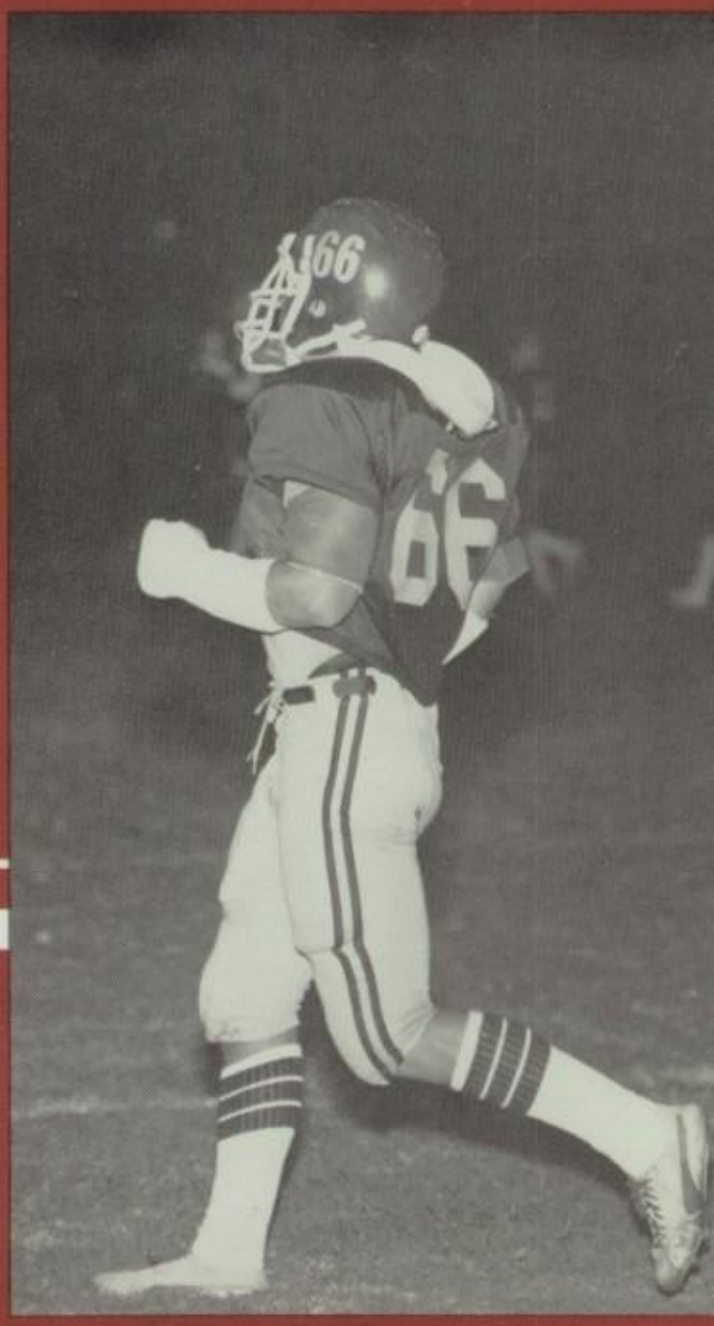
Starting It Off

The first day of school started off with the bell sounding for first period. The empty halls of Rosemead High School were soon flooded with students. The air was filled with anticipation as freshmen students hurried to their classes. The more familiar faces of the sophomores, juniors, and seniors watched as the freshmen rushed to meet the challenge of their first day.

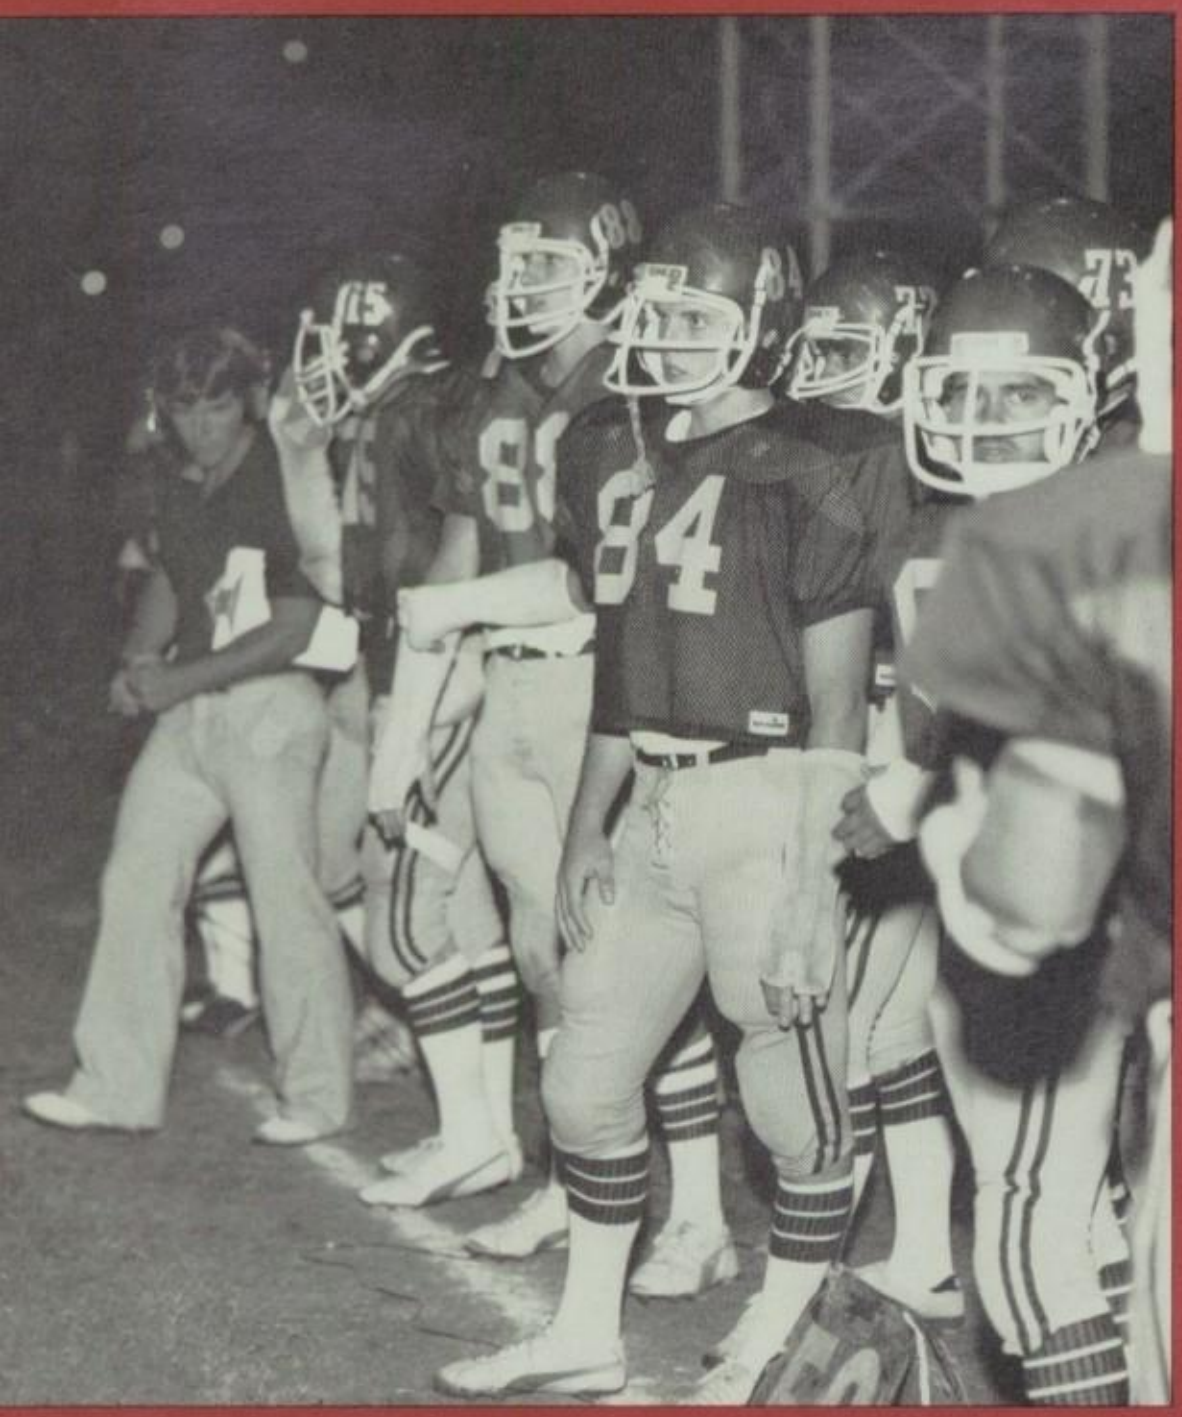
Finding lockers, classes and friends were part of everyone's day. As tradition demands, Seniors could be found on Senior Patio waiting for an unsuspecting freshmen to edge their way onto the forbidden zone. Most freshmen exclaimed mixed feelings of the upperclassmen. As freshmen **Laura Miller** stated, "I thought I was going to be looked at as if I were an alien because I was a freshmen." Other emotions of RHS freshmen are summed up by **Rita Hidalgo** who said about her first day, "I was really nervous. I don't know why, everyone's normal, well, most of them anyway." As the first day ended and sighs of relief could be heard everywhere, a common thought was in the mind of the typical RHS student: Four more days until the weekend.





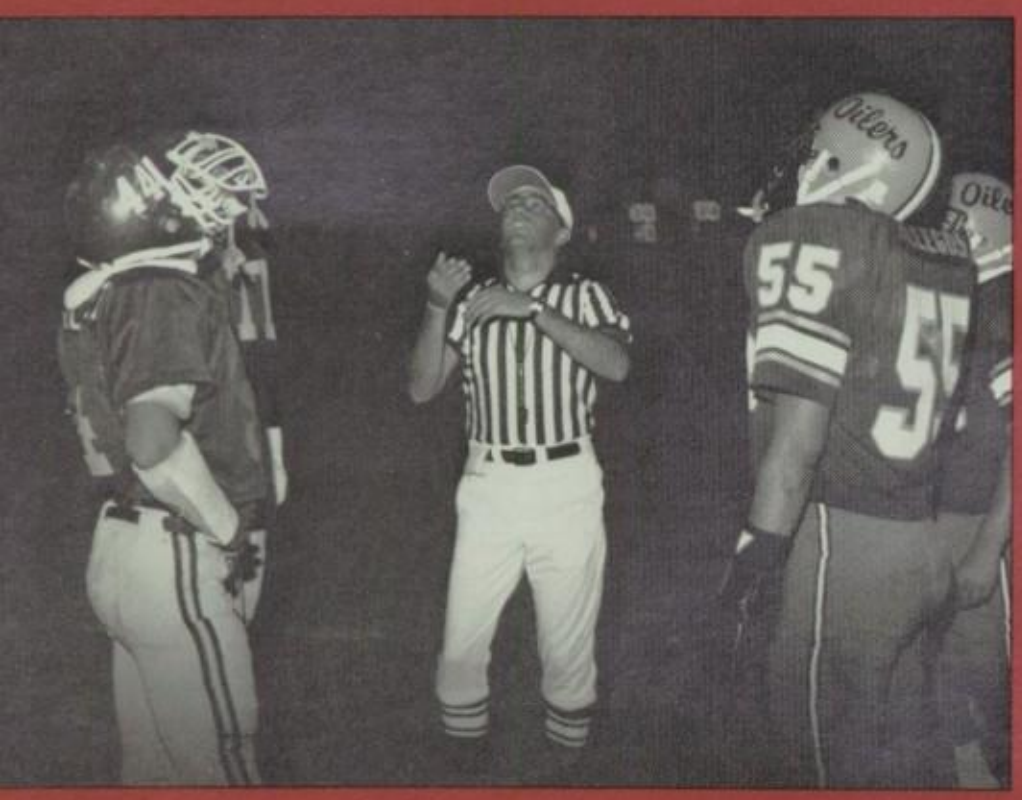


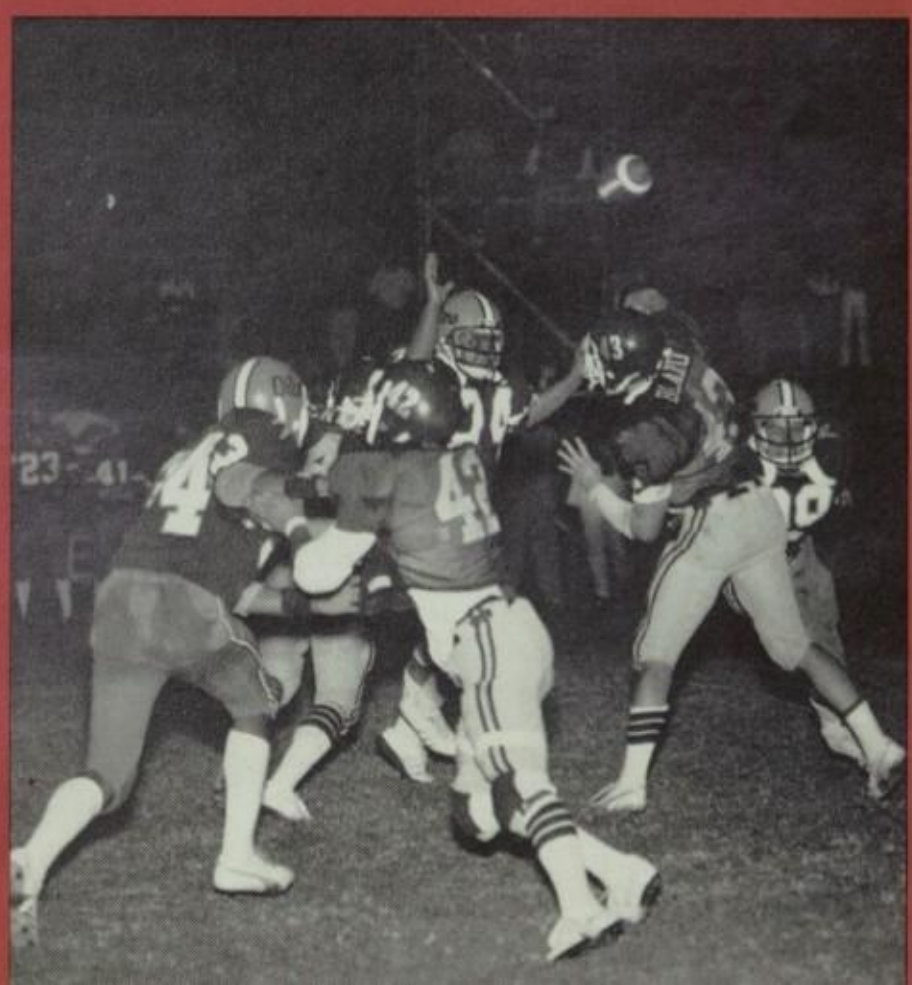
Slow Start

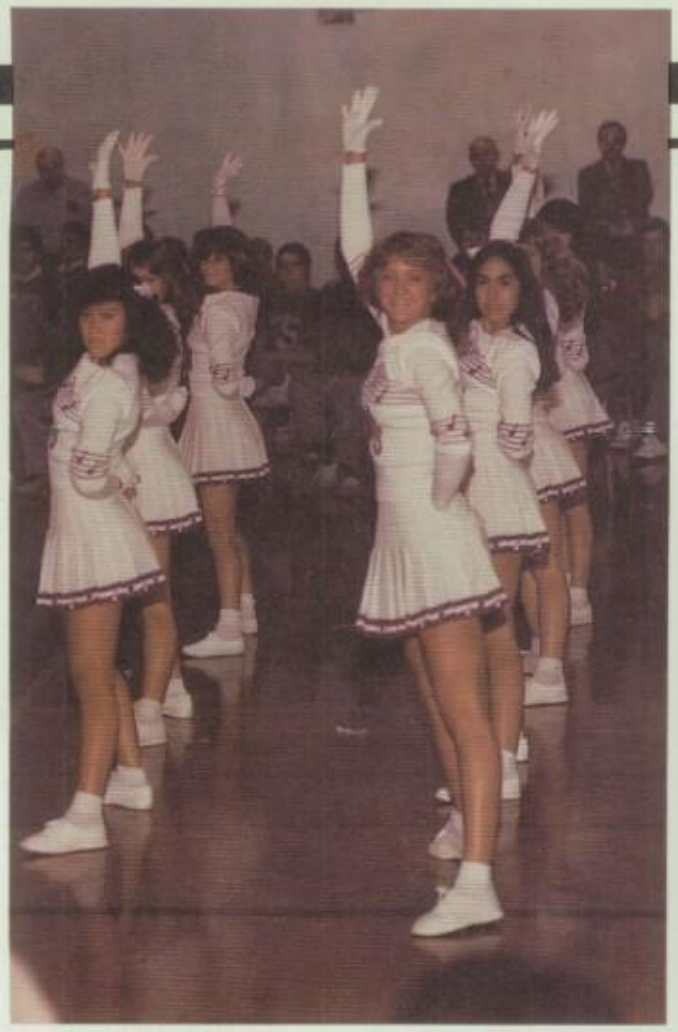


The first football game of the season was held on Panther Field against the Montebello Oilers. The Panthers were caught at a disadvantage because just one week earlier their staring quarterback was injured. The Panthers and their new quarterback had only five days to prepare for this game against Montebello, Rosemead had their work cut out for them because Montebello was last year's Whitmont League Champions along with being highly rated. The first and second quarters of the game were dominated by Montebello. The Panthers tried to keep them back, but were unsuccessful.

The Panther team returned from halftime with a new surge of power. They strove for a touchdown but could not grasp it. They were determined to keep the Oilers from scoring again, and they were successful. Quarterback **Derek Bland** commented, "We weren't mentally ready for the game and our mental mistakes cost us." The final score was 21-0, which began the season with a slow start, but showed the determination of Rosemead to come back. From this game the team shook off the loss to post four straight wins before losing to Duarte in a heartbreaker. The team went on to play impressively in Mission Valley League competition.

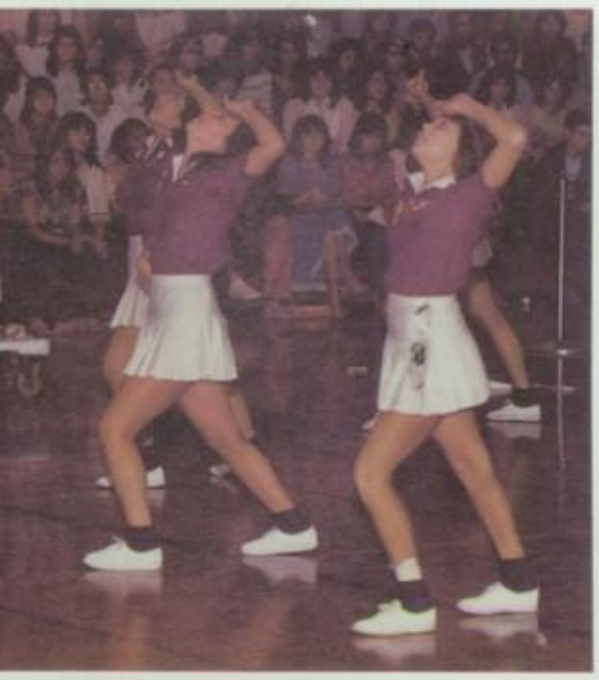






SENIOR
POWER

The Big "R"

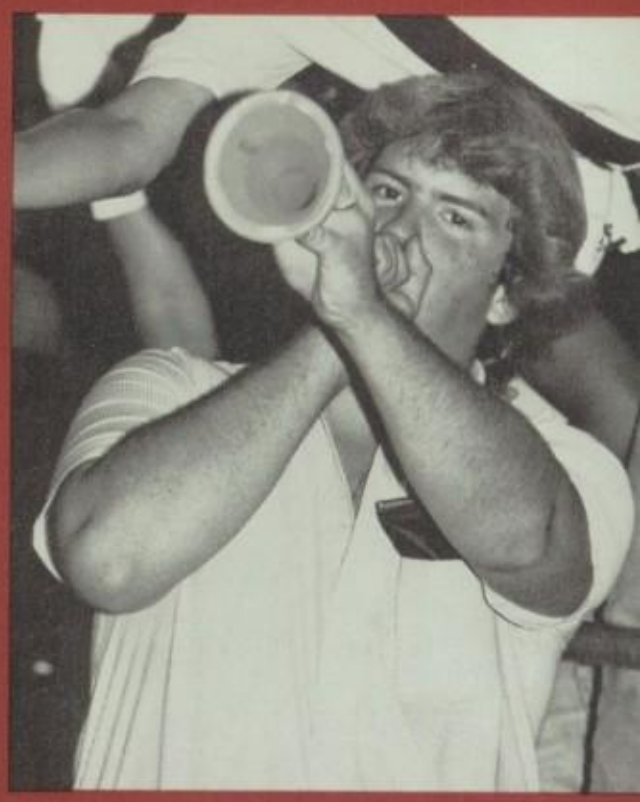


Spirit abounded in the gymnasium of Rosemead High School on the morning of Friday October 1st. The annual Pep Rally, The Big "R", was about to commence. Shouts of class spirit could be heard everywhere. The Seniors led the classes with an ongoing "Eighty-Three, Eighty-Three."

As the pep rally got well under way the cheer, band and ranks performed. The Songleaders executed a routine to "Eye of the Tiger" and "We're the Kids in America" while the crowd watched with anticipation. After each group had performed, they each announced members of a team. Each team received recognition and the crowd responded with enthusiasm.

A candy store skit was included in the festivities. This consisted of audience participation where faculty members and students were part of the candy store. Mr. Zant, Wendy Thompson, Mr. Rosine and Edgar Quintero were just some of those participating in the skit. Everyone enjoyed themselves and had a good time.

The rally ended with class competition led by the athletes, cheer and ranks. Everywhere people were shouting and showing their pride. As Senior **Steve James** states, "Everybody got involved and showed their school spirit."

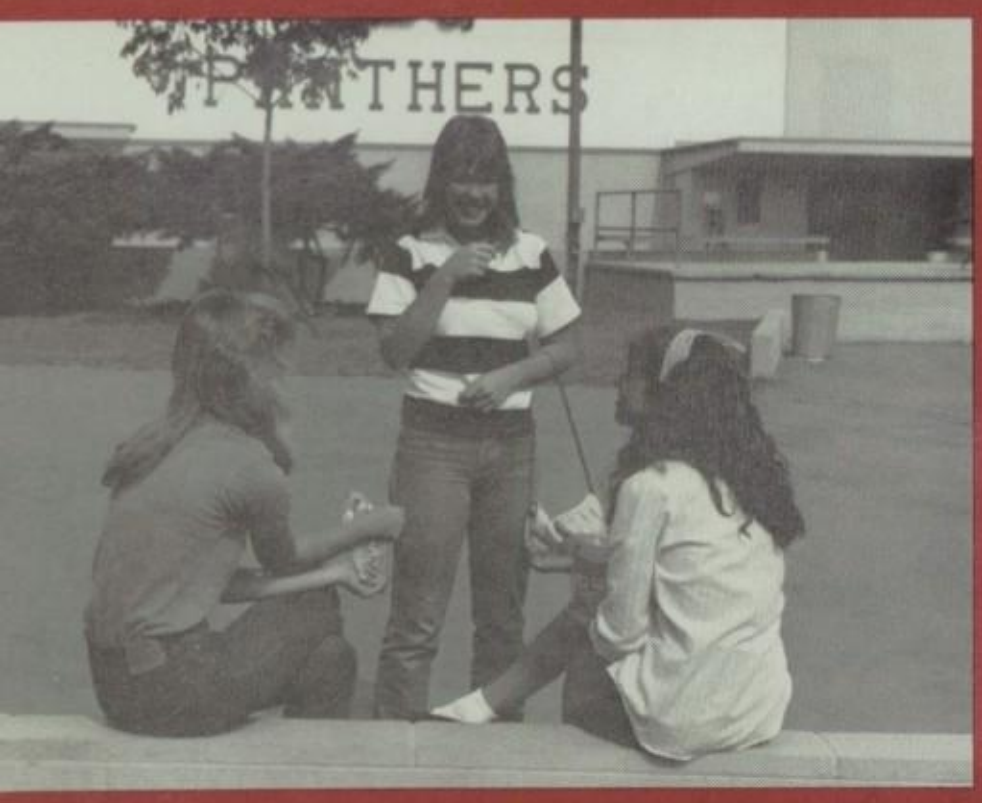


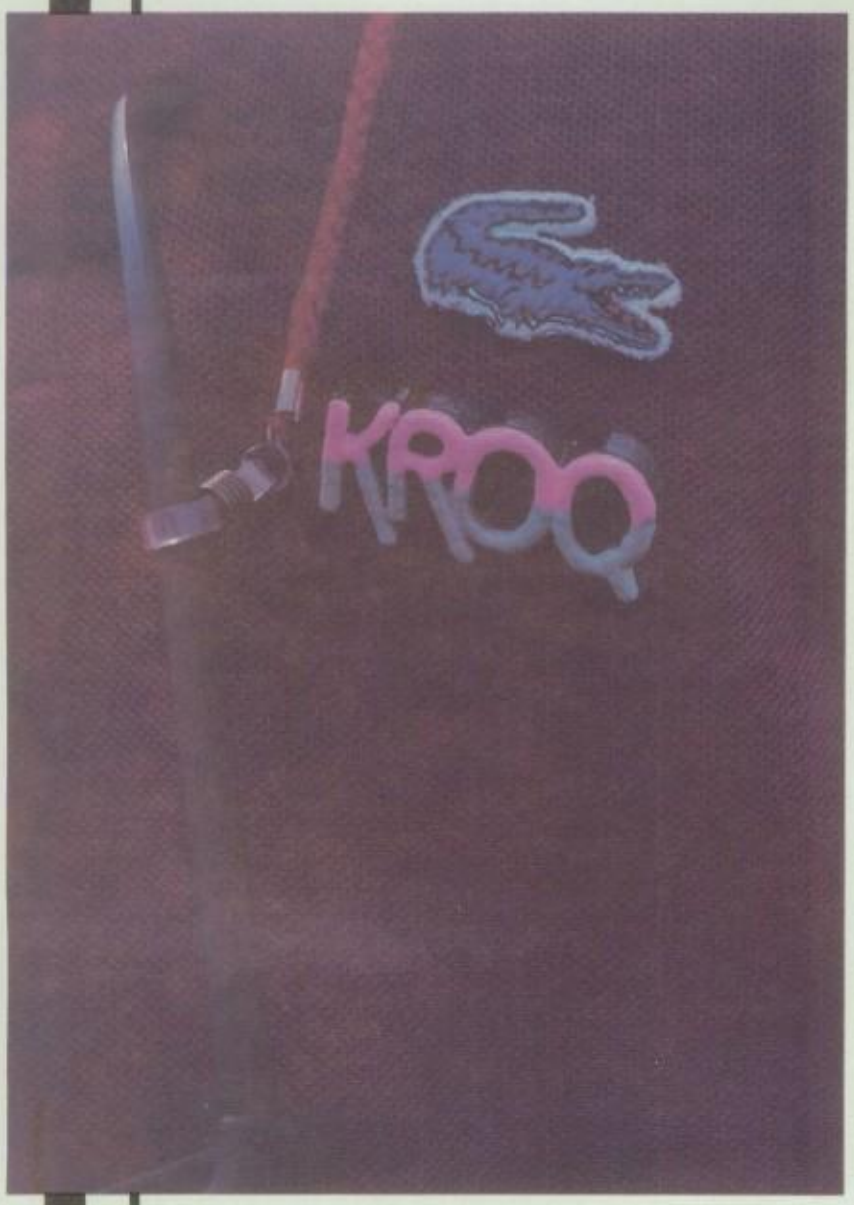
Student Life

Perhaps one of the largest areas that is part of a student's world is student life. After the books are squeezed into lockers and the pens and paper are put away, a student comes out to live; but by no means does school stop its influence. Students head for the athletic events, dances or their favorite place to go.

During lunch some students go off campus, while others just hang around talking to friends or doing their favorite thing. After school students head for nearby hangouts. Some of these being Doggit, Seven-11 or maybe Mr. Bills. Of course there are many places to go but most of these places have two things in common: Food and video games. But when the money runs out and pockets are emtpy, it's time to head for home, where friends are called, dates are made or rides to parties are confirmed.

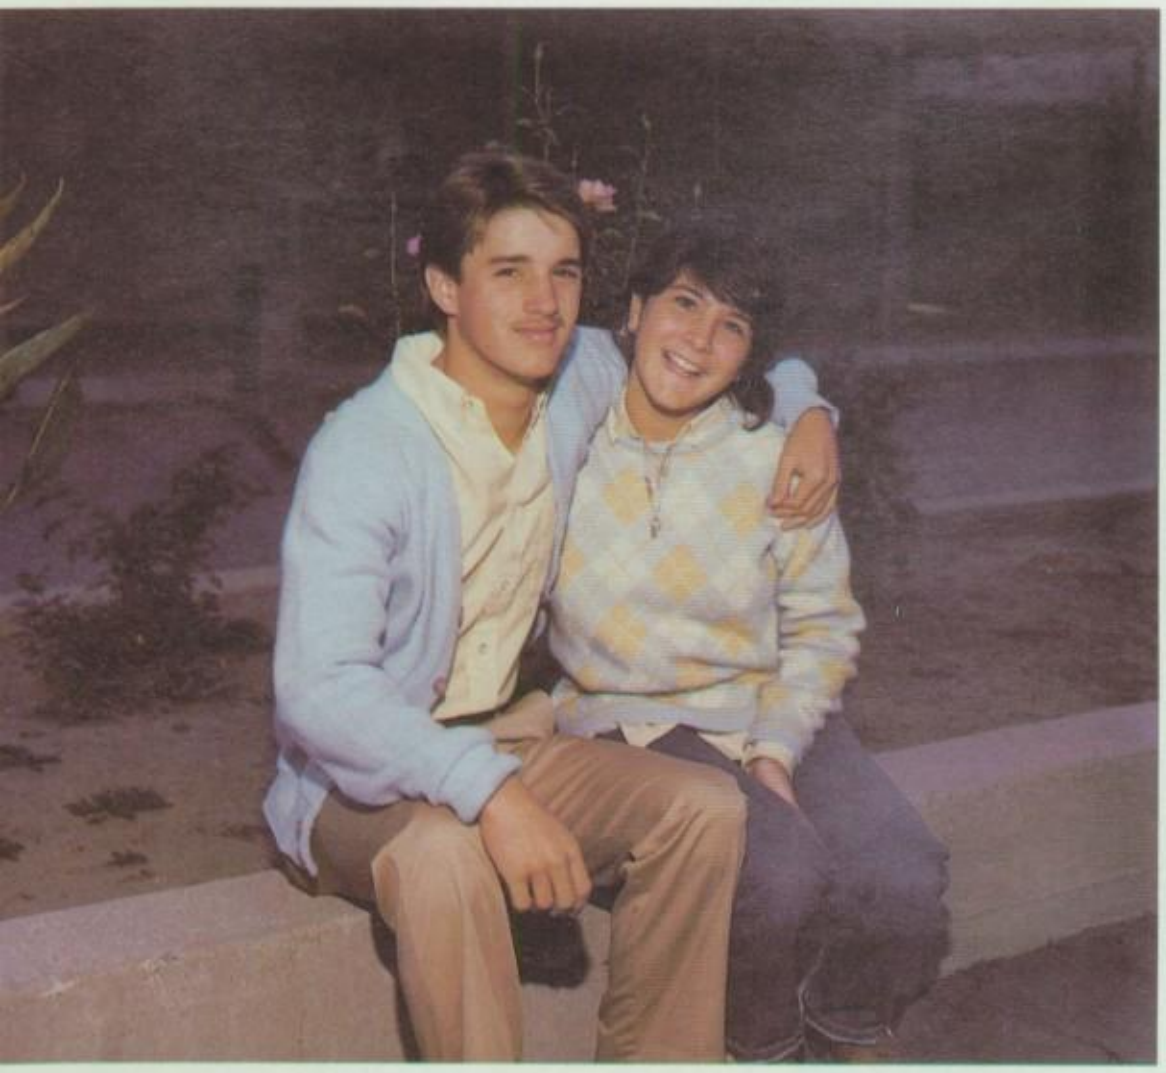
During the weekend, students relish their freedom and go to the beach when it's hot or the mountains when it's cold. But as Sunday night approaches, students rush to do any homework then try to catch some sleep to start another week.





KROQ

Be A Prepper



A guide to becoming "Cool" might be called "How To Dress Preppie." To be considered a "Preppie" you must meet certain requirements in the area of clothing. This includes wearing plaid shorts, untucked shirts, turned-up collars, short hair parted on the side, top siders, penny loafers, vaurnets, and of course, Izod shirts. Now who would think a shirt with an alligator on it would change fashions so drastically? Well, it did. This little alligator can be spotted on shirts, shorts, socks, and even eyeglasses.

Right up there with the preppies are the rockabillys. The typical rockabilly looks as if they had just stepped out of the 1950's. They can be recognized by their turned-under jeans, bobby socks and their new wave hair style. Another new fashion this year was the tuxedo look. A buttoned-up shirt with a bow tie was the thing to wear. The bow ties ranged in colors from black to pink with white polka dots and even plaids. The typical student at RHS can find themself in anyone of these categories or create one all of their own.

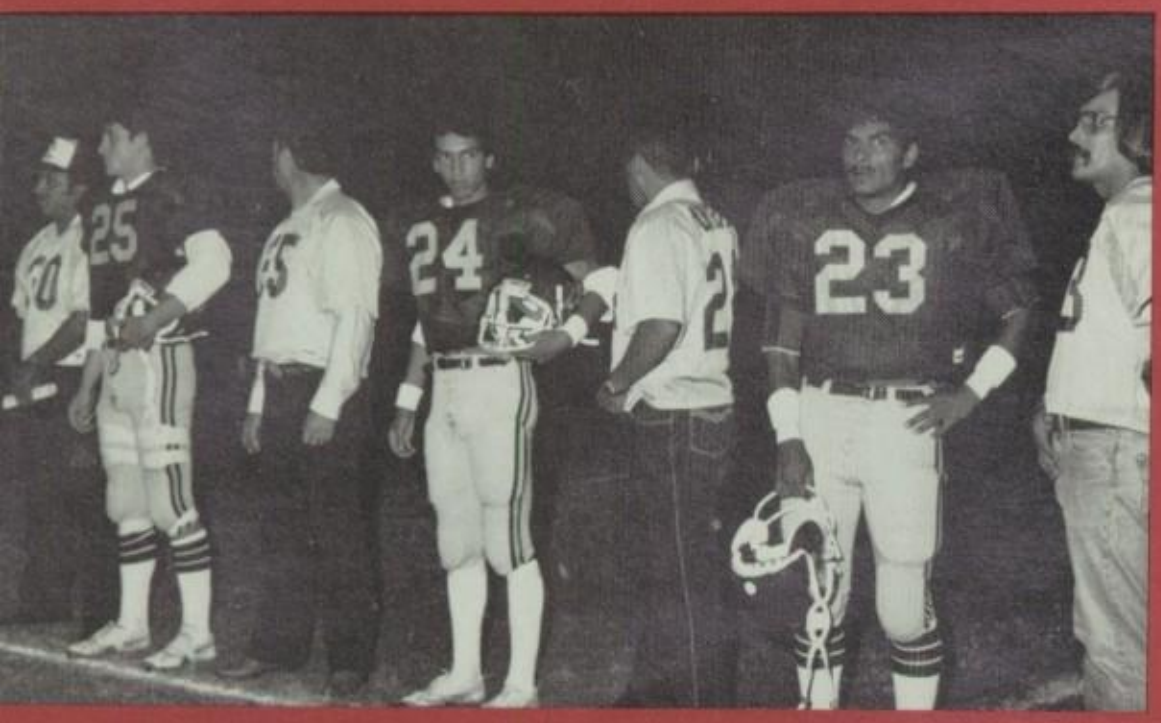
Dad's Night



Every year there is a special Varsity football game where the player's dads are honored and this year was no exception. The dads were wearing their son's jersey and were now able to give thirty-one different types of advice from the sidelines.

This game was the first Mission Valley League competition of the year. It was also the first time Rosemead had played Duarte. All went well for the Panthers until the very last minutes of the game. The score was tied 21-21 until Duarte broke loose completing the final touchdown of the game. Rosemead tried to come back, but were unable to. The players and fathers left the field together, each close to tears. But every father was filled with pride at the efforts put forth by their son.

In spite of this loss, the team rallied to win the next seven games to make it to the Southeastern Conference finals. The Varsity rolled over league foes Keppel, El Monte, Arroyo, and Mountain View. Going into CIF competition the team was ranked fourth and completed the season with wins over Chino, Indio and top seeded Baldwin Park to make it to the finals for the first time ever in Rosemead history.

BOARD
MINOR EVENTS

Senior Patio

As you become a Senior you look forward to having that special place your class can call their own. That place is Senior Patio. Senior Patio is a place to meet other Seniors and catch up on what's going on this weekend or to get help on homework. To some it is just a place to escape the routine of school and kick back with friends. But at lunchtime the patio comes alive as Seniors congregate towards it to eat lunch. Lunch is a favorite time of all Seniors because it is the time to relax with friends while enjoying food. Favorite topics of discussion include which band is in concert and the latest gossip is spread.

The patio design was picked by the Senior Class Cabinet and painted by the Seniors themselves. A lot of time, effort and hard work went into making the patio perfect. But Senior Patio will always have a place in the heart of every Senior. The patio is filled with memories of the past year and hopes of the future.

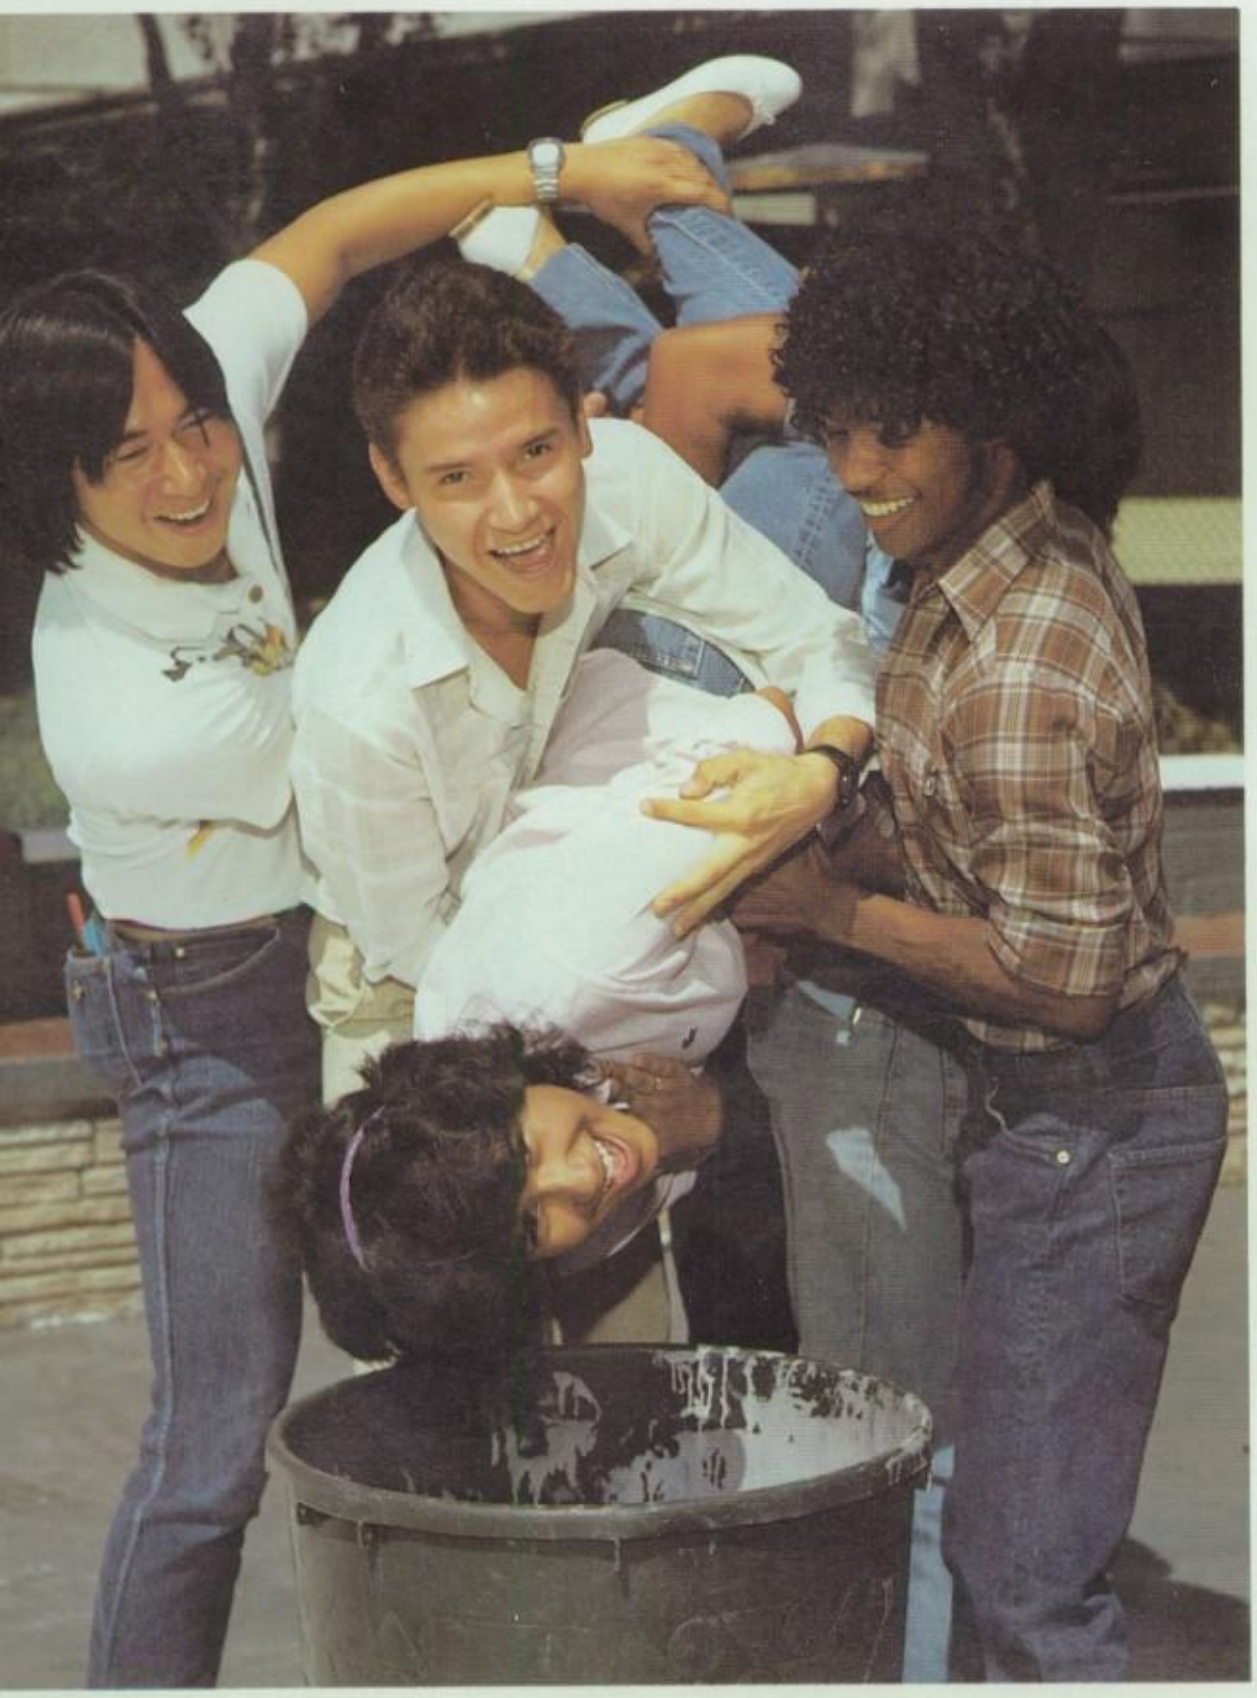
Seniors



Superior: A synonym for a Senior. The class of eighty three has waited three long years to earn this title. One of the priviledges of being a Senior is ruling over Senior Patio. This piece of land is vital in the daily life of a Senior and is the only place on campus where Seniors can meet without the presence of underclassmen.

Perhaps the largest pressure Seniors have upon them is what to do after high school. Some choose to go to college, while others join the work force. Of those going to college, the SAT is the biggest factor in determining what college you attend. Scholarship and college applications must be filled out and turned in before deadline dates. After this comes the long wait of finding out if they are accepted.

When the first semester has ended and Spring is all around us, a teacher dreaded disease attacks Seniors. The medical term is simply senioritis. Some of it's symptoms are getting lost on campus and never finding your class, but sometimes class is found and you suddenly forget what homework is or how it is supposed to be done. By May, most Seniors have a memory attack and miracluously seem to pull it together in time for that joyous, yet sad, day called graduation.

Tranie, I am real glad
I have known you for so
long I hope we get to
see you after we graduate be-
cause you are a very nice
girl I hope you will alway
stay this way Have a grea
Summer & good luck in w
thing you do. Bye now
Love Always

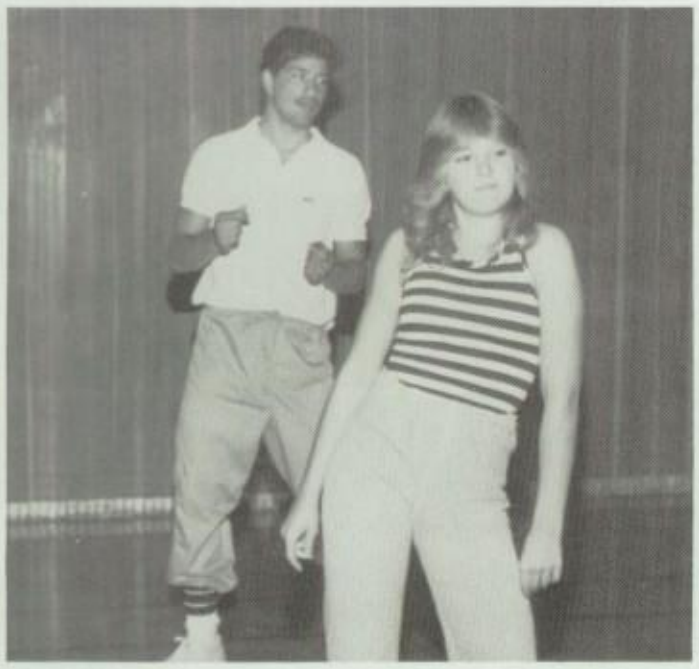
Senior Class Cabinet

The first activity on the agenda of the Senior Class Cabinet was the designing and painting of Senior Patio. Led by President Steve Marquez, the patio turned out to be the best in several years. The seniors chose and designed their graduation announcements while working on several fund raisers for their All-Nite Party.

One of the biggest questions the Senior Class Cabinet must face is what the Senior Gift will be. Another question they have to answer is, "What will be the Senior Surprise???" Every meeting these two questions come up. But the major goal of the Cabinet was to make the last year of the class of "83" the best.

Members of the Senior Class Cabinet were: Debbie Bueno, Steve Marquez, Dawn Harding and Dawn Guire.



Clubs

"Get involved!" We've all heard the line. It has been driven into our heads since we entered Rosemead High School. Principals, counselors, teachers, and class officers have all pushed the same line saying, "Getting involved makes your stay at Rosemead much nicer." Taking this to heart students united, clubs were formed, and officers were elected. There are clubs for everything and range from computers, to acting, to sign language-something for everyone.

Clubs are designed to let people share common interests and often result in close friendships. School would be strictly business if there were no band, choirs, cheerleaders, or drama departments. High school memories will not solely be comprised of classes, grades, and teachers. Rememberances of involvement in clubs, and friends made as a result will last a long time.

News At Nine

From the dark corners of a Monday morning at Rosemead High School comes the Rosemead Report. At the beginning of second period, co-anchorpersons Barbara Schneider and Tom Gordon woke up our Mondays by reporting about activities on campus. There also informative reporting by Christy Henson on scholarships and field reporting on various topics by Leandra Apodaca, Jena Betrue and Isabel Guiterrez. The sporting events were reported by Yvette Escarsega. This was all tied together by the members of T.V. II. They could be seen lurking about the halls trying to get a story. They created commercials and brought the Rosemead Report into being. This was a good opportunity for students plan, edit and produce a news program.

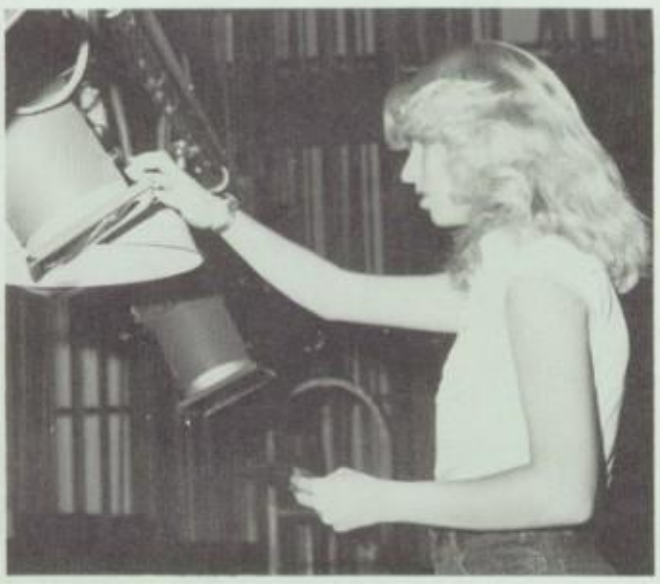
Co-anchorpersons: Tom Gordon, Barbara Schneider.

Members of T.V. II were: top row: David Feldthouse, Jose Aguilar, Ron Escarsega. Second row: Mr. Blattner, Rhonda Schwarting, Leandra Apodaca.

Lights, Camera, Action

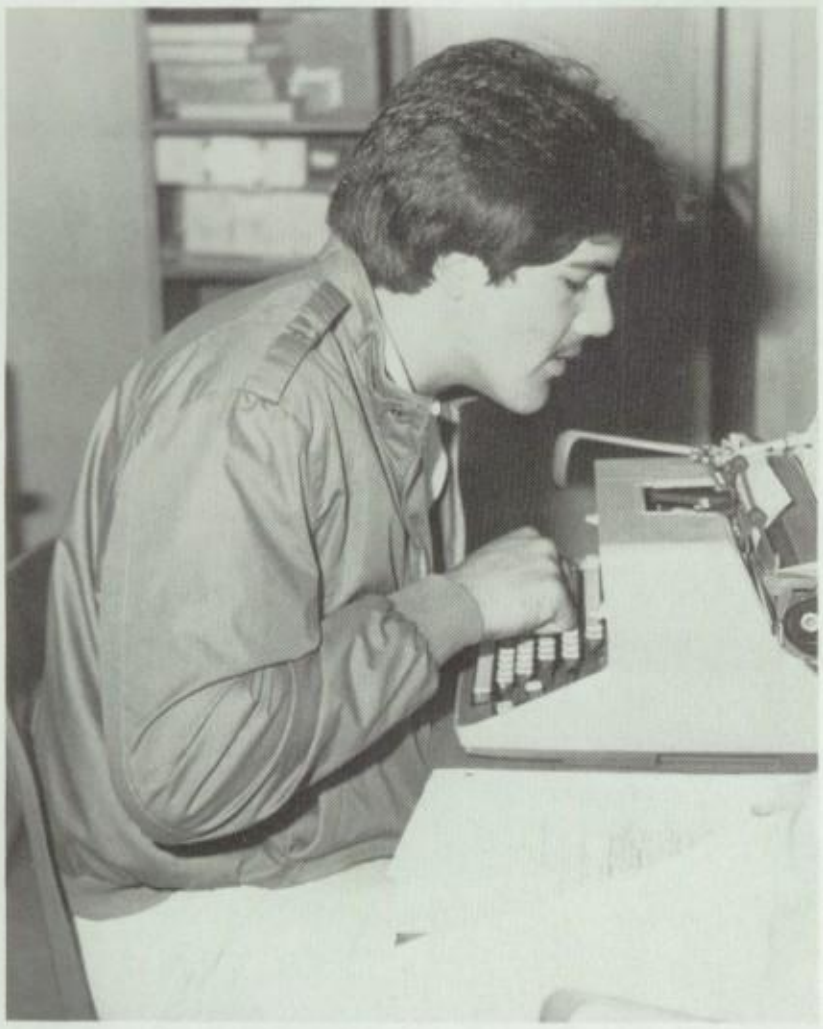
embers of Thespians: first row: Julie Olson, Debbie Butler, Isabel Gutierrez, Jena Betrue, Ernest Herod, Lee Blattner, Stephanie Coffman, Julie Kish, arl Saracho, Jackie Brooks, Marylou Naccarato, Steve Ascolese, Chris Latham, Richard Stipe, third row: Myrna Frances, John Fairbanks, Liz artinez, Paula Laugeson, Mr. Lee Blattner, Wendy Kohatsu, Christine Rodriguez, Mary Miller, Jesse Viscaino.

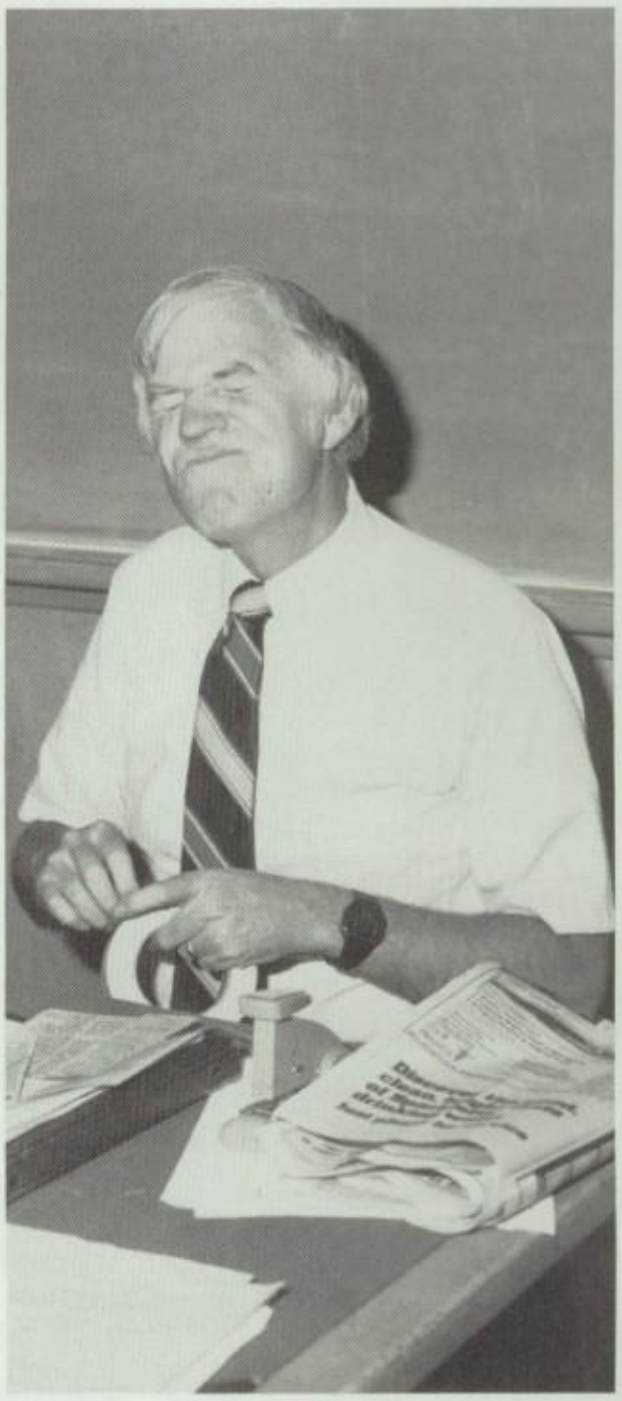
Murder Mansion was the name of this year's Thespians Presents and that is just one of the many projects Thespians were involved in. They held many fundraisers, among some of these were football rooter ribbons which could be found on students and faculty clothing during the football games. Money earned from the play is for the Globe Theatre, which will be build on our RHS stage. This would be the first and only Globe Theatre in any high school in the United States. Under superb supervision, by Mr. Lee Blattner, this project will be successful.



lembers of Stage Crew: first row Jesse Vizcaino, second row: Julie Olson, Marylou Naccarato, third row: Julie ish, Leandra Apodaca, Jackie Brooks, fourth row: Maria Cafaro, Rossane Schneider, Bridget Lafortune, and abel Guiterrez.

Someone has to make sure that lighting, sound, put-in-props, setting and clearing during all school events are perfect, right? Well, who does this difficult task? None other than Stage Crew. Stage Crew builds the set for all school plays. Including this year's Murder Mansion which was written by Two Rosemead alumni, Gino Vianelli and Randy Thorton. Stage Crew and Thespians are working towards the goal which is an exact replica of Shakespeare's Globe Theatre, which would be used for plays as well as renting out.





Pantherama Tension Mounts As. . .

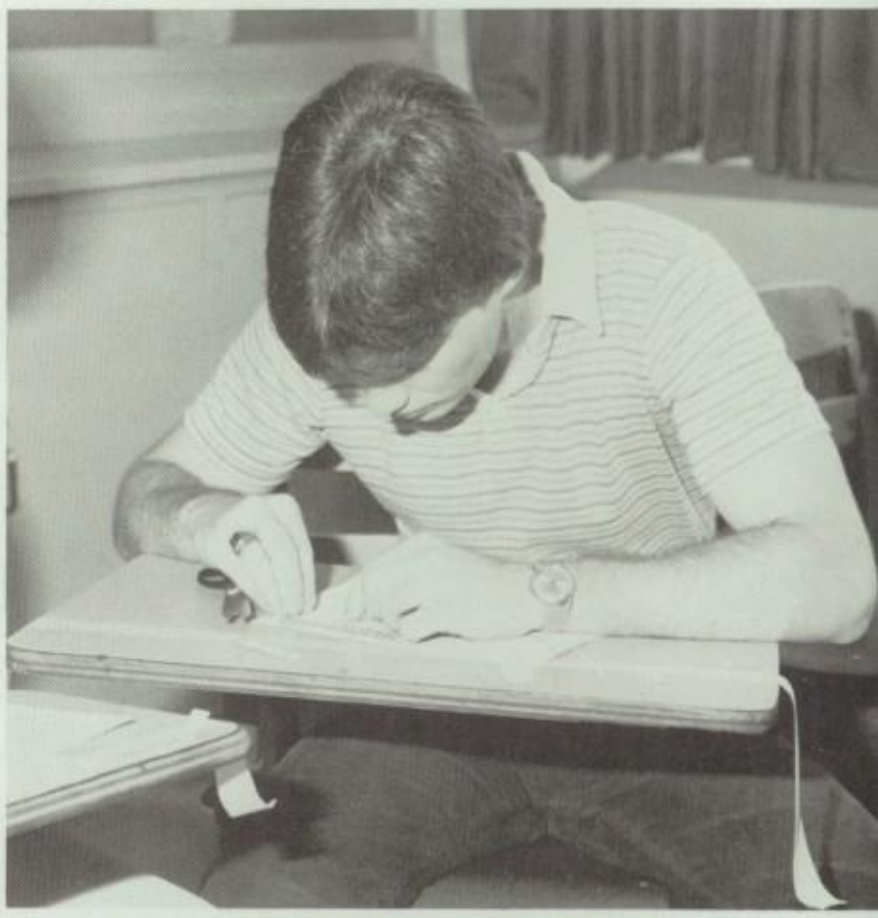
The Pressure's On!

This year the staff put their hardest days and nights together to bring you your 1983 yearbook. We all hope you enjoy it. The staff this year stayed after school many hours to make the dreaded deadlines, and to keep our Editor happy. If you ever happened to be around room 91 during 5th period, and saw flying papers and people screaming, it was the staff trying to do their work, because if they didn't they would have to face Mr. Boyds torture's of "paper cuts across the eye balls," and "drinking boiled hot dog juice." We would also have to re-chew all the gum that was stuck under the desk. It was a crazy place to be 5th period but we all worked together through the terrible torture's of Mr. Boyd, flying papers, and the screaming, to bring you your 1983 Pantherama.

Members of the 1983 Pantherama Staff were: Stacy Cristillo, Pearl Saracho, Becky Foutz, Debbie Bueno, Susan Flores, Jill Duffy, Betty Ceci, Lynne Barron, Bernie Reyes, Dawn Duire, Maria Garza, Steve James, LeeAnn Evans, Dawn Harding, Cindy Gonzalez.

Panther's Tale Has

Thirteen Noses For News

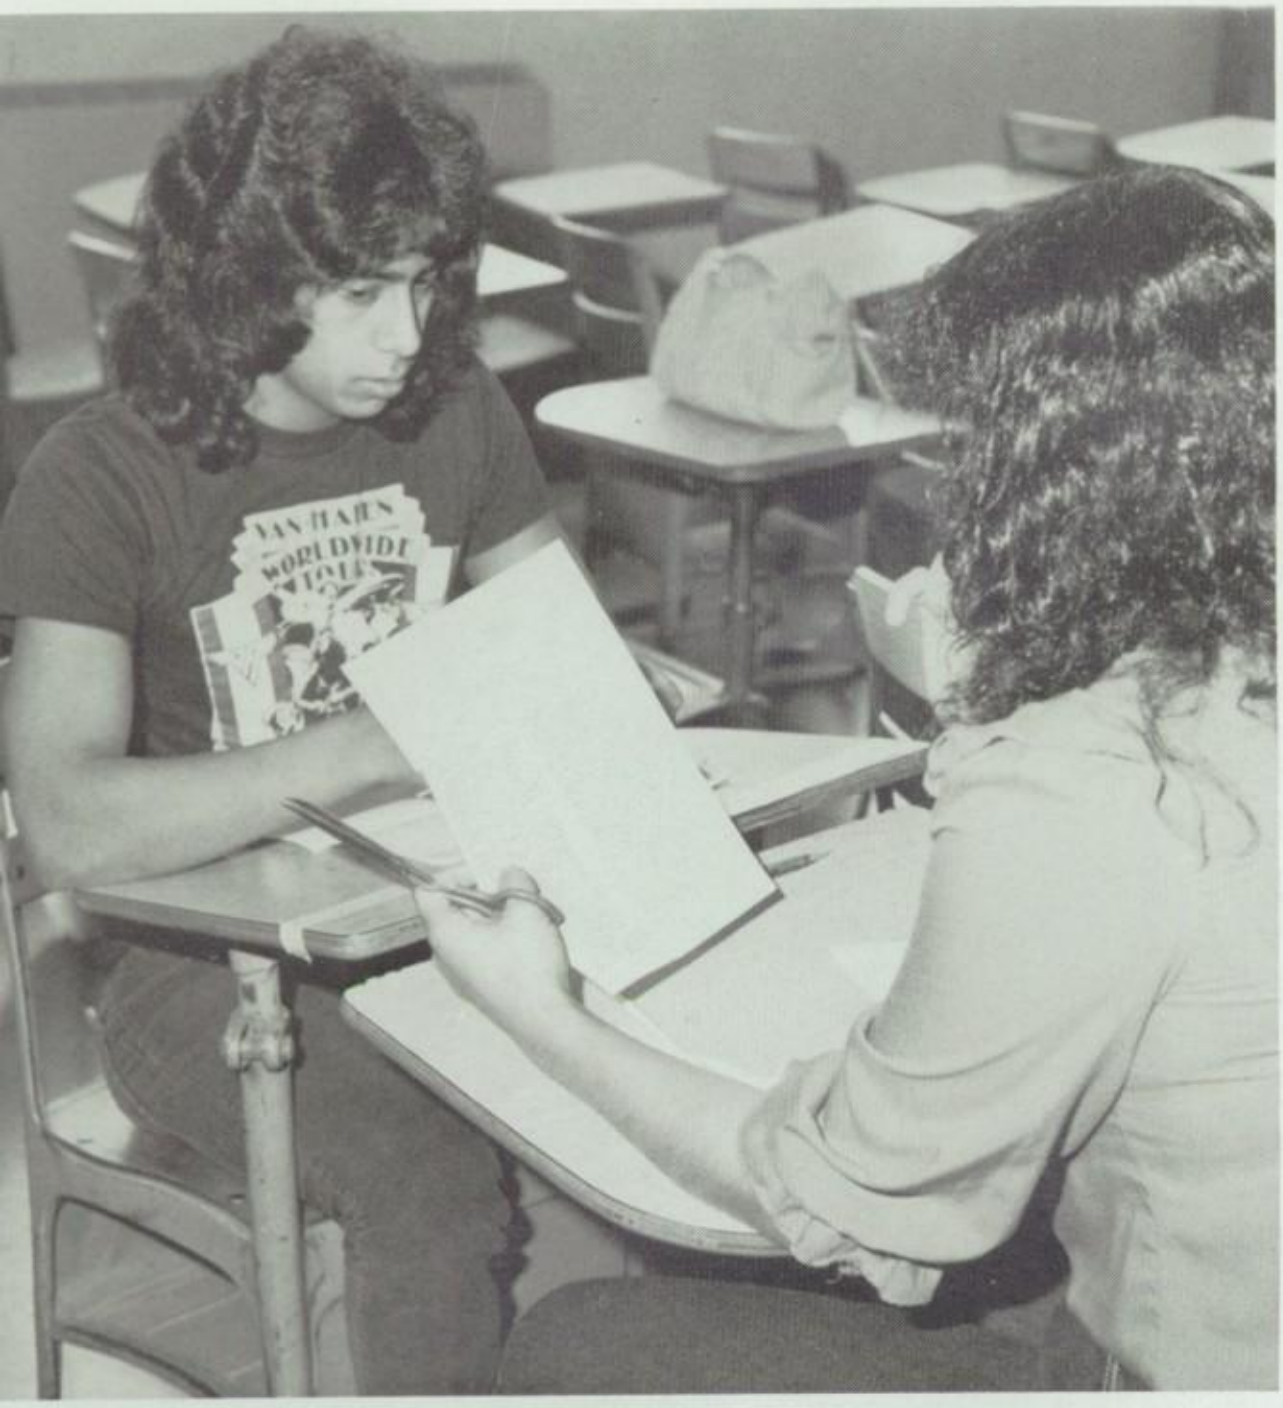


The assignment of every person on the Panther's Tale Staff is turn out a newspaper that will both inform and delight the student body of Rosemead High School.

To get the information needed for this tough assignment each must make himself a reporter. They interview Senior Celebrities, poke their noses into classrooms, or maybe sit inconspicuously during a club meeting.

When they have gathered all the facts the tough part starts. Each must sit down and write a story that will keep the reader interested. Their editor or advisor must proofread the story and make any suggestions. The next step is to create a headline. This might be the hardest part of being a member of Panther's Tale.

After the deadlines are met and the final edition of the paper is released to students, the Panther's Tale Staff can feel proud that their efforts produced a piece of Rosemead High School history.



Panther's Tale Staff: First Row: Christine Rodriquez, Advisor Mrs. Bortz, Carol Belva, Laurie Griego, Donna Hollingsworth, Tom Hernandez, Laura Sukalac, Fay Saleh. Second Row: Denise King, Lisa Audet, Carlos Tropea, Andrew Morales. Not shown: Yvette Escarsega.

They also helped decorate the classrooms during Homecoming Week and Miss Maroon and White Spirit Week. There was also a reward for the most outstanding member of the club. One of the clubs on campus is the Sign Language Club. During their meetings they learned and practiced sign language. They are planning to do community work. During the year they had guest speakers who discussed the teaching of sign language. They also saw movies on how to teach and show other people sign language. This year's sponsor was Miss Fink.

CSF And Sealbearers . . .

Most Likely To Succeed

The purpose of CSF is to encourage scholarships among students in high school. Membership is by application only and application must be made every semester. Students must meet the grade requirements in order to become members, and these grades must be made in certain designated courses.

The ultimate goal of every CSF member is to become a Sealbearer (or Life Member) upon graduation. This means that of the last three years of high school, these students are members of CSF for four semesters out of six, one of which is in their senior year. Sealbearers wear a gold tassel on their cap at graduation, and their gold seal is placed on their diploma and on transcripts sent to colleges and universities when application for admission is made. This gives them preferences in gaining entrance to their college or universities of their choice.

Sealbearers were: First row: Dawn Guire. Second row: Raul Quezada, Denise Queen, Hope Quintanar, Ruth Campomanes, and Neemish Patel. Last row: Darrel Miho, Carlos Tropea, Tom Gordon, Paul Happach, Keith Whitener, Derek Bland, and Sanguan Vacharapornsophon.

College Night . . .

A Head Start

College Night is an event held once a year by the entire El Monte Union High School District. In September 1982, Rosemead hosted representatives from over 50 colleges throughout the United States. Over 450 students and parents were in attendance. This event offers students an opportunity to discuss college plans such as major studies, location, costs, and financial aid, with many college representatives. Thus a comparison of opportunities can be made to help in a wise decision to the pressing question for the college bound, "Which college should I attend?"

Choir Members . . .

Discovered British Columbia

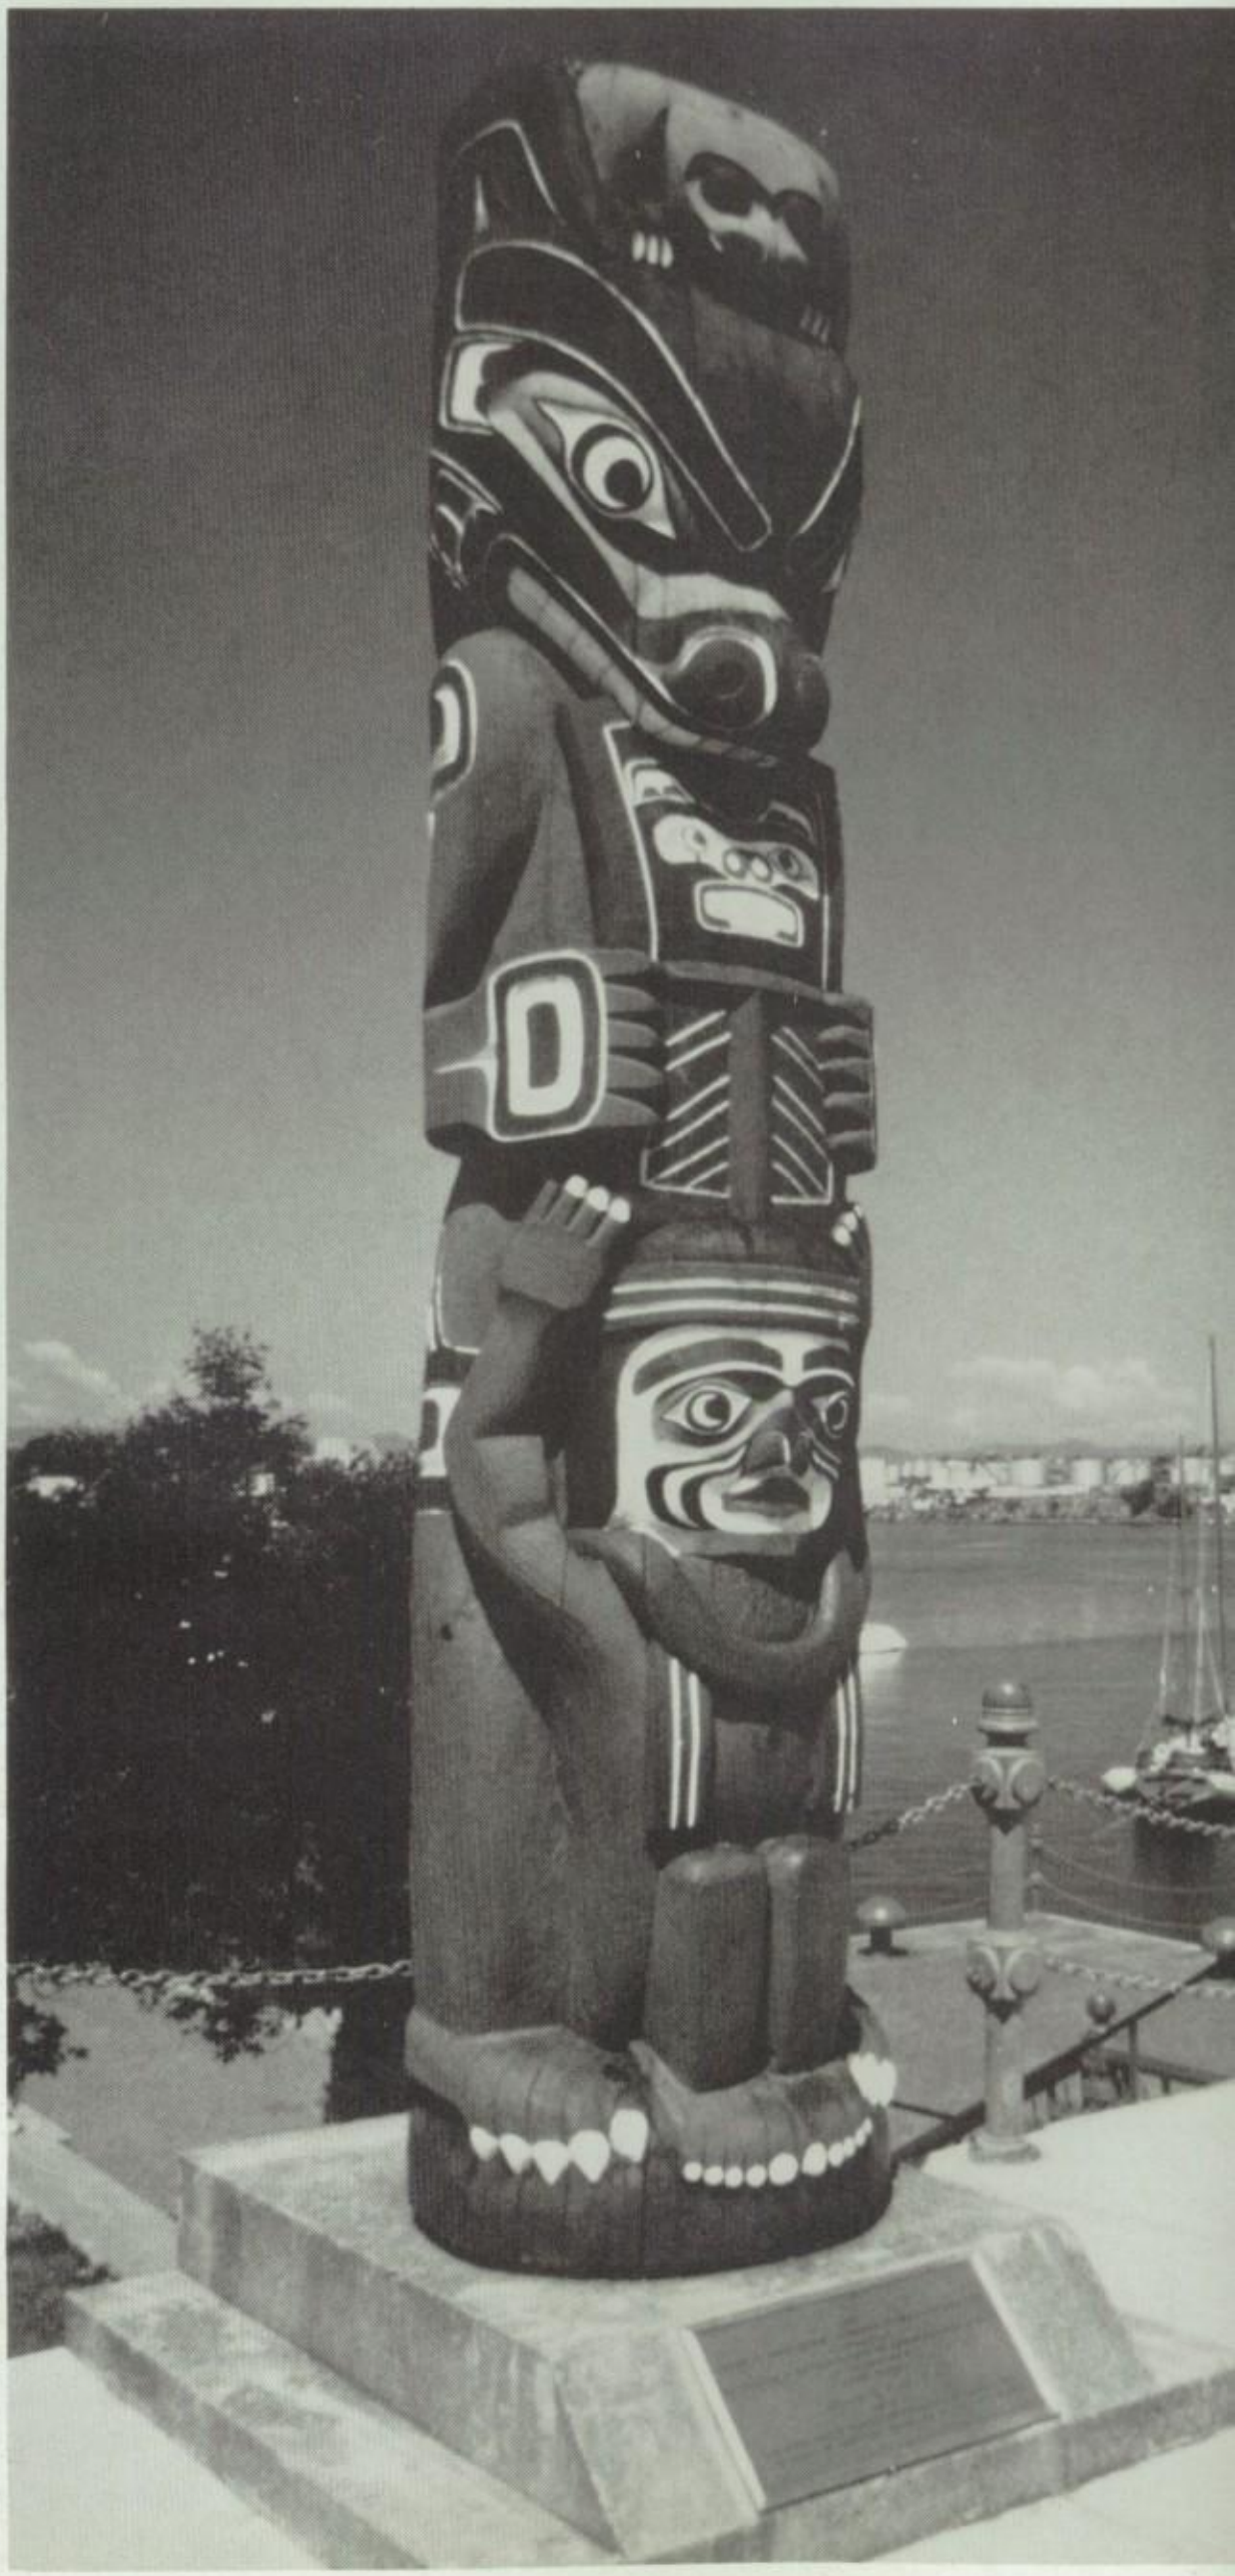
The Rosemead High School A Capella Choir was awarded the Bronze Medal for excellence in choral music by the Performing Arts International Music Festival. This was the result of over two years of hard work and several competative auditions.

Under the direction of Mr. Larry Callaham, the Choir performed in "Discover British Columbia" Music Festival May 26 thru 31, in Vancouver. Three world renowned adjudicators using international standards judged their song selections from Handel, Rorem, and the American composer, Vaughn Williams.

They were praised for their outstanding performance by Dr. William B. Christ, who is the chief adjudicator and Associate Dean of the Indiana University School of Music. As their award was being presented, he stated that, "It is exceptional that a choir places so high in its first go at international competition."

In order to earn $20,000, which according to Dr. E. Terry Irvine, Rosemead High School Principal, they needed to have numerous fund-raising events, which netted them the most money ever raised for an extra-curricular activity.

Besides a three day stop over at the Musical Festival in Victoria and a day atop at the famous Grouse Mountain in British Columbia, the 2,000 mile tour also included a volunteer concert at the Seton Villa Retirement Center in Burnby, North Vancouver where they were warmly welcomed as good-will ambassadors from the United States of America.



At Rosemead High School

Spirit Starts Here

Being a cheerleader involves more than putting on a mini-skirt and jumping around. These girls spent time and money to go to cheerleading camp as a squad. There they learned new cheers and routines, and in the process they became close friends. They also did extra things for the teams. At the beginning of the year they sold candy and coupon books to help support the teams. They also gave team members bags of candy before important games. And there was more than these little attentive gestures. There was a special goal for the cheerleaders to reach. As one of the girls put it, a cheerleader has to get the audience to go from being self-conscious and subdued observers to somewhat rowdy, cheering participants, totally involved with the outcome of the game. All the girls agree that cheerleaders have to be a little crazy and completely dedicated.

Music Wins Out As

The Panthers Decide To . . .

Strike Up The Band

Sheet music is probably the single most important part of an instrumentalists belongings. The Panther Band has worked hard throughout the year to bring music and school pride to the RHS Campus. The band attends many parades in which they perform well. But more importantly they entertain students during pep rallies, football games and assemblies. They keep spirit going with their occasional musical interludes during football games and keep us smiling with a sarcastic note when a speaker gets long-winded. This year the band marched at Magic Mountain, Disneyland, National City as well as the Chino parades.

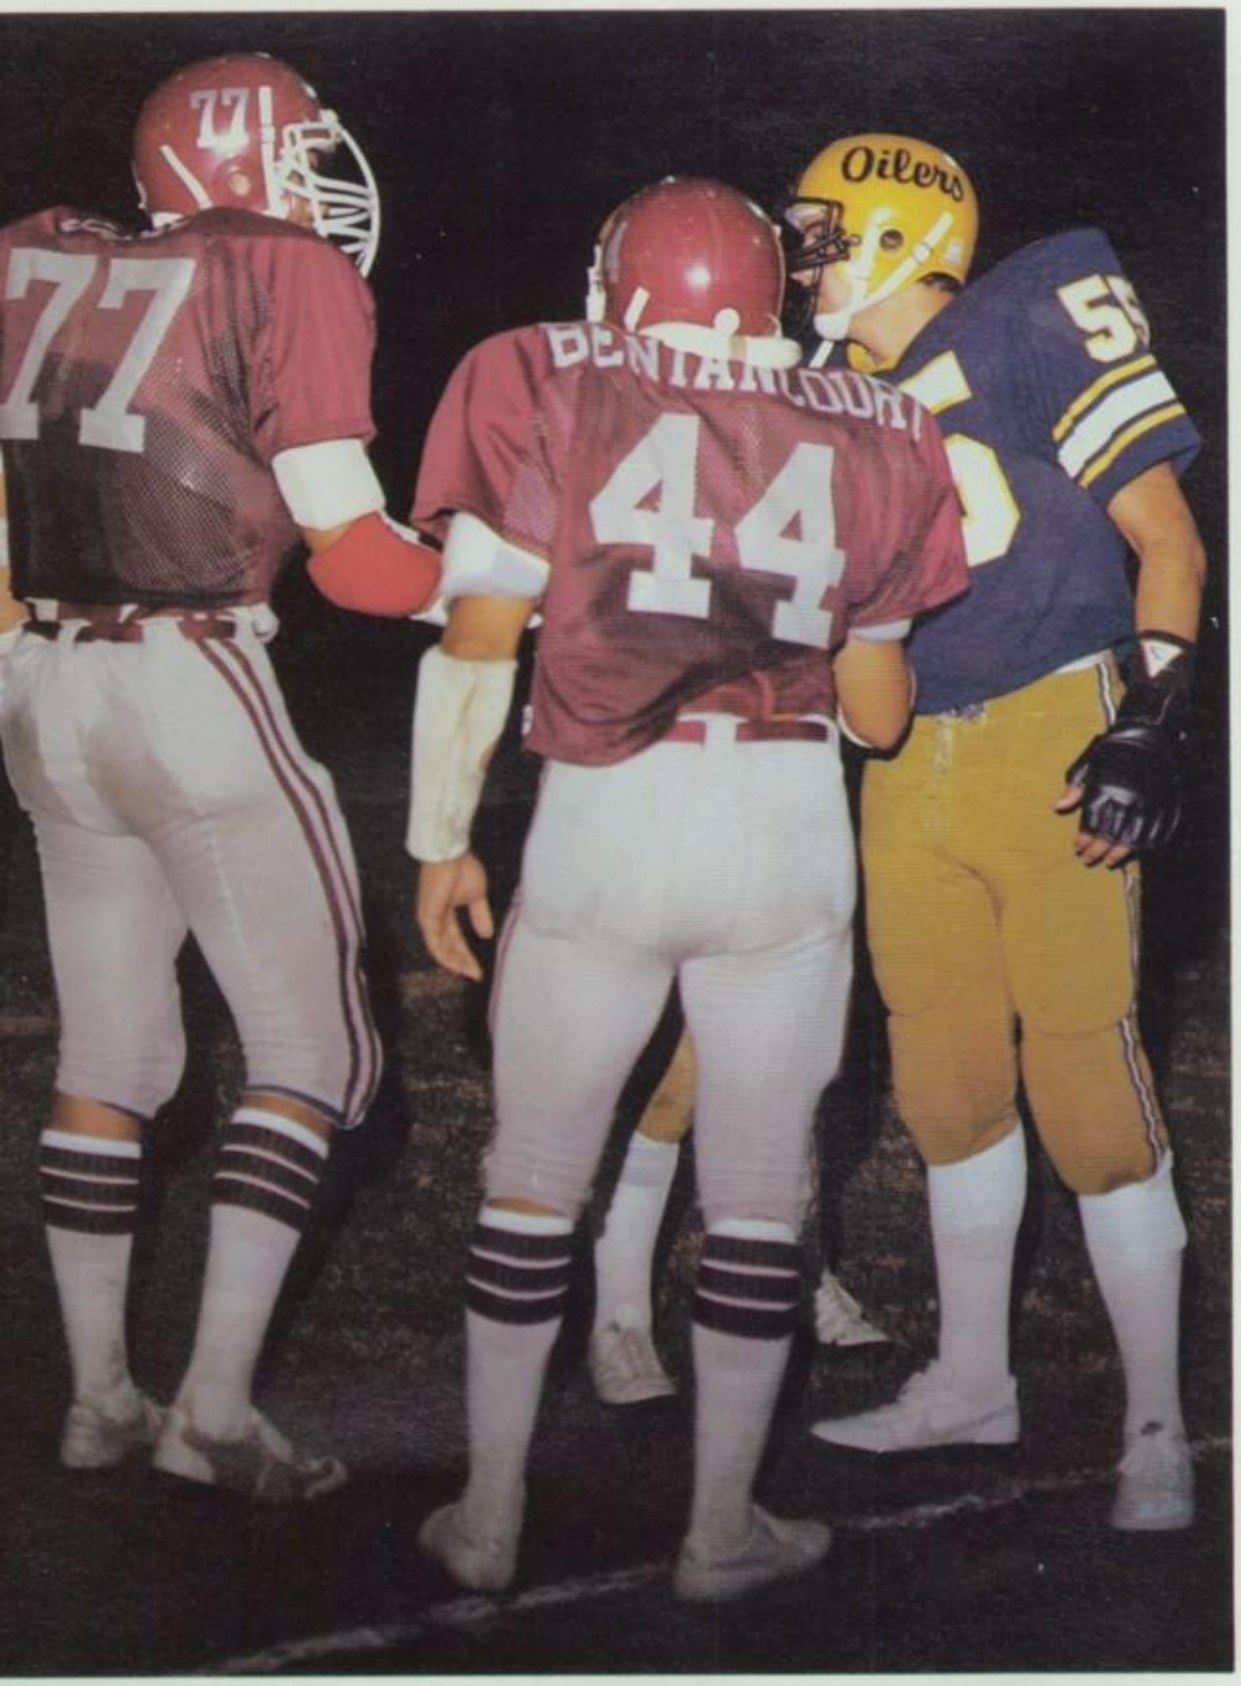
Sports



Sports competition is very demanding, and Rosemead athletes, both boys and girls, put in many long hours preparing for days of competition.

Blood, sweat, and tears are only part of what any athlete, male or female, must endure in the pursuit of excellence. Taking part in a sport is much more than physical involvement, it takes psychological committment to achieve excellence. Mind as well as body must be in tune with the game, with every effort concentrated on the aspect of victory. Whether it be a touchdown, a basket, a home run, a pin, or a smash, every athlete strives for the same thing - victory. Yet, sooner or later, every individual must suffer a defeat. Unfortunately, every team can not come out victorious consistently. But still they constantly strive for that exhillerating feeling of accomplishment. It is this persistence to achieve excellence that develops not only the body, but the character of the individual as well.

This Season. . .

Varsity Team Makes History

The Varsity Football team finished their most successful season by having an over all record of 11 wins and only 2 losses. Not only was this the best record ever but the team advanced farther into CIF competition than previous years. The team not only won three games in CIF but on December 10, 1982, they played Garey High School for the Southeastern Division Final at Mt. San Antonio College.

Led by captains Earl Betancourt and Steve James the Panthers became known for their stingy defense, limiting eleven opponents to one touchdown or less. The Panther defense was successful in stopping not only the run but also the pass. As an example during CIF competition the team intercepted sixteen passes in three games. Coached by Mr. John Dunaway, the team usually got stronger as the game progressed.

The grueling hours of practice and long nights of staying up late learning the plays payed off. The team went farther and did better than anyone had imagined making this the season to remember.

Circus Theme Brightens Up

Homecoming Win

Clowns were everywhere for Homecoming on the night of November 22nd. Rosemead was playing the Mark Keppel Aztecs on Panther Field, which not only was a crucial game in the league standings but the climax of a fun filled week in which the queen would be announced. The first two quarters of the game proved to be unfruitful for either team. The score board remained blank at the end of the second quarter.

The halftime activities were colorful and joy-filled. Each class designed and produced the parade floats for the Homecoming Parade. Leading the parade were the Homecoming Princesses riding on a fire engine. The princesses were introduced as they walked across the field to find out who would reign as 1982 Homecoming Queen. Paula Wellock, Robyn Wagner, Jonna Gustaveson, Mary Hernandez and Sandy Robles waited with anticipation for the announcement. The crowd cheered as Miss Jonna Gustaveson was crowned Queen.

The second half of the game brought happiness to all. The Aztecs could not keep the Panthers from scoring. The momentum continued until the very last minutes of the game as the final score was 26-6 with the Panthers victorious.

Almost, But Not Quite

The Varsity Basketball team ended their season with an 11 win 12 loss record. The whole outcome of the season went down to the last game against Mountain View. Rosemead won the last game, however, Mark Keppel upset Duarte to finish third and go on the CIF. Which the Panthers won the battle but overall lost the war.

Coach Fouts said, "By the end of the season the team was playing up to their potential, and we had several outstanding players." JV Wrestling

Hits The Mat

When trying out for sports one knows all the hard work that must go into preparation for the season. Each wrestler must go through hard and strenuous workouts in order to be in shape for the start of the season. But why so much hard work? The average season for wrestling is five league matches, in which each wrestler has a chance to compete in three periods. Even if the season lasts for only thirty minutes of competition it's the thrill of knowing that he achieved all that he could and it was the practices and not the competition that made him better.

The outstanding individuals of this years J.V. Wrestling team were Robby Nell, Richard Feliciano and Steve Ruiz who along with the other members of the team contributed to the team ending its season in third place in league. When asked what was the most exciting match of the season the members replied that their match against Mountain View was by far the most challenging because they were their biggest and closest competition in league.

Irma Rodriguez, voted most Valuable Player of the Junior Varsity squad, was one of the strong keys to offense as well as defense. Her 17 points against Duarte helped Rosemead defeat them at the end of the season. Sabrina James developed into a fine offensive and defensive player at center and helped block shots. Sophomore Pattie Franco was also among the standout individual players.Michelle Lugo demonstrated trememdous effort which earned her the Most Improved Player award chosen by her teammates and coach. Varsity Badminton . . .

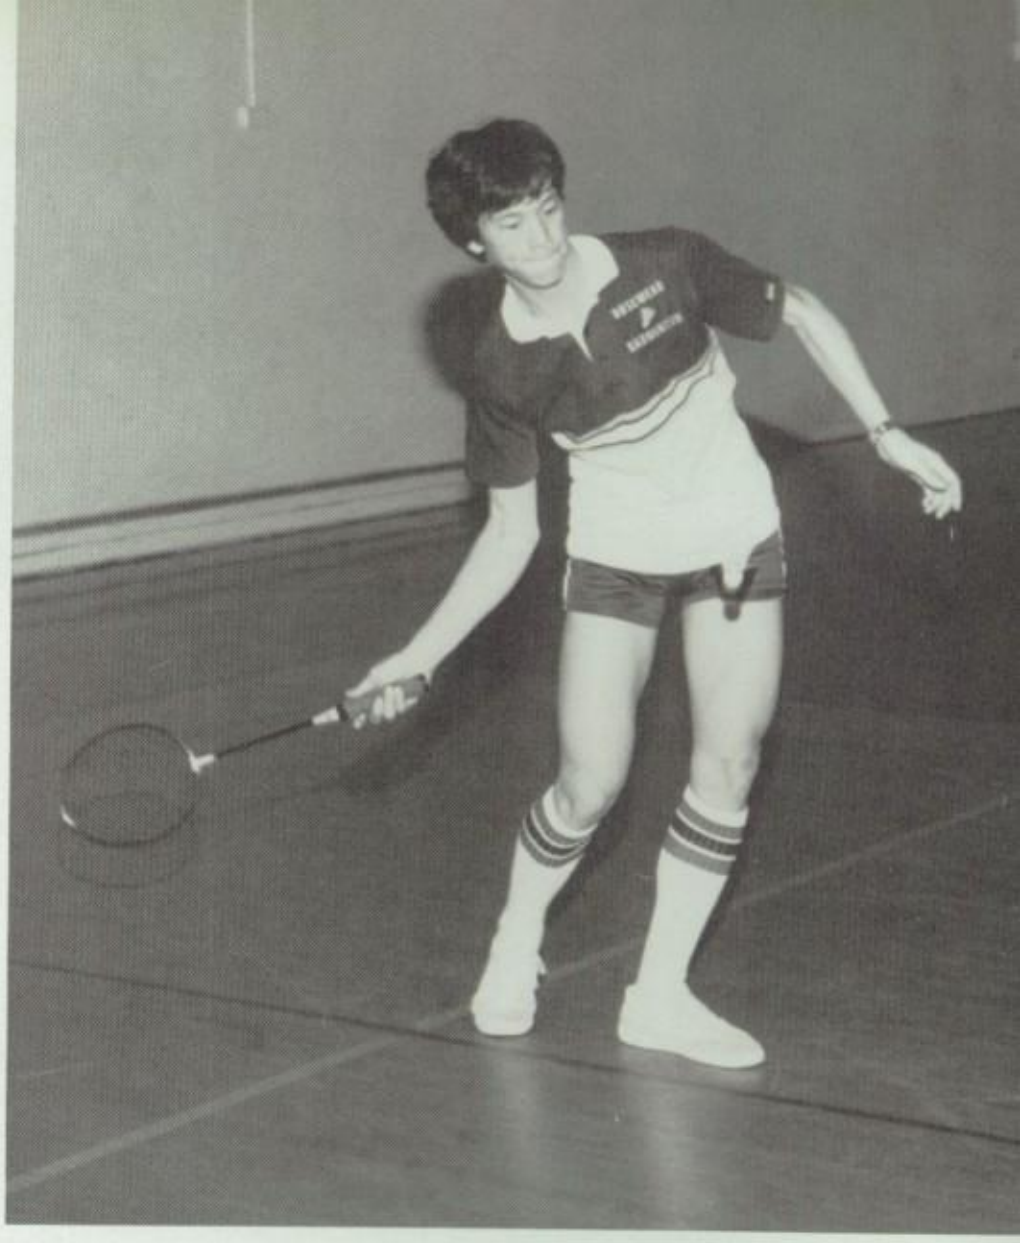
What Sport Was That?

"What sport did you say you were in?"
"Oh, I didn't say."
"Well aren't you in Varsity Something?"
"Yeah, Badminton."
"Badminton?! Are you serious? What do you guys do, just stand there and hit that birdie thing back and forth? Must be a real killer! You should get into a real sport."

This may come as a surprise to alot of people, but Badminton is not the wimpy little sport everyone pictures it is. When the "critics" finally try it they usually go out on the court and can do no better than "just standing there hitting the birdie back and forth." After one has played awhile, and then played someone on his or her own level, the game then becomes an energy demanding game. It is a fast moving game, and if more people went to the matches, more would understand.

The Varsity Badminton team, under the direction of coach Judy Nelson had an outstanding preseason, and a good league record with high hopes of advancing to C.I.F.



The members of the Varsity Badminton Team were: First Row: Cheang Kang, Jason Peters, Ruth Campomanos, Lisa Yoshirhara, Phang Ngo. J.V. Badminton

Challenges Up!

In the past the Junior Varsity Badmintn has always had to forfeit at least one game at every match due to the lack of male players. Badminton competes for boys against Tennis, Baseball, and Track. However this year there was overwhelming recruiting around the school that attracted the needed male players. Because of this recruiting, the J.V. Badminton team did not have to forfeit one game due to the lack of players.

The J.V. Badminton team is looking forward to a successful year having done very well in their preseason games already. You can see in their eyes the envy of every player for they know that with time they also would be able to make the Varsity team. Some of this years J.V. Badminton team did beat out some of the Varsity team members and were able to play on the Varsity team.

Members of the Junior Varsity Badminton Team were: First Row: Julie Vasques, Alicia Ruvacaba, Stephanie Fierro, Fern Lee. Varsity Track . . .

Strides With Pride

The track season will be remembered for at least two things. First, how often the rains came and how close the team came to winning the team championship. This years Varsity Track team was one of the best all around teams that Rosemead has had in a number of years. Breaking the school record in the mile was senior Sal Radriguez, while Mark Krajnik threatened the school record in the 330 low hurdles. Toni Compton was also the 1982 C.I.F. 2A long jump champion. Others doing well included Lynne Barron (440-880), Joanna Gustaveson (Hurdles), Janet Graham, LeeAnn Evans (shot put & discus), Trish Flores (Distance), and Julie Rodriguez. Activities

Contrary to the opinion of some parents the life of a student is not just going to classes and taking tests. The daily life of a student varies to each individual. One thing they all have in common is activities.

Without activities, the life of a student would be very dull. Can you imagine going home after the Homecoming Game without a dance? Or going through school, day in day out without any kind of "recess" assembles give? Assembles not only break the monotony of everyday class work, they entertain and teach us.

Activities were not held only during class time. During lunch many new things were brought to the R.H.S. campus. Numerous bands and contests were just a few noontime activities. Some activities were held during classtime, which everyone appreciated. Some of the most entertaining were the Big "R", and the Maroon and White Pep Rally where everyone got involved and showed class and school spirit. But some of the assemblies were teaching instruments, such as the multimedia presentation in which we heard our favorite music while watching a film presentation.

Not only were activities held during the day, some were nocturnal. Dances are a large part of daily life. At dances new people are met and friendships are formed. The annual Backwards Dance was a success and the Prom is always the biggest "dance" of the year.

Activities are a welcome sight to a Rosemeadian which allows everyone to show their school spirit and relax from the pressure of classwork.

Homecoming Week . . .

Brings Out The Clowns

Homecoming week is a tradition at Rosemead High School which occurs the week before our Homecoming Football game. This years Homecoming was particularly colorful, with the theme being "Circus". The cheer and ranks did not disappoint us in turning out in colorful costumes. At the Homecoming Pep Rally, held on Panther Field, we were stunned to see three of our distinguished Faculty members, Mr. Rushing, Mr. Nichols, and Mr. Hall, stripping before our very eyes. Everyone seemed to be caught up in the excitement including P.J. who dressed up as a clown. Some of the contests throughout the week included a pie eating contest, clown make-up, and a crazy game of leapfrog. Steve James was so pleased with the participation that he couldn't resist giving P.J. a big hug. The Pep Rally helped build up enthusiasm for the big game against Mark Keppel, which Rosemead won 26 to 6.

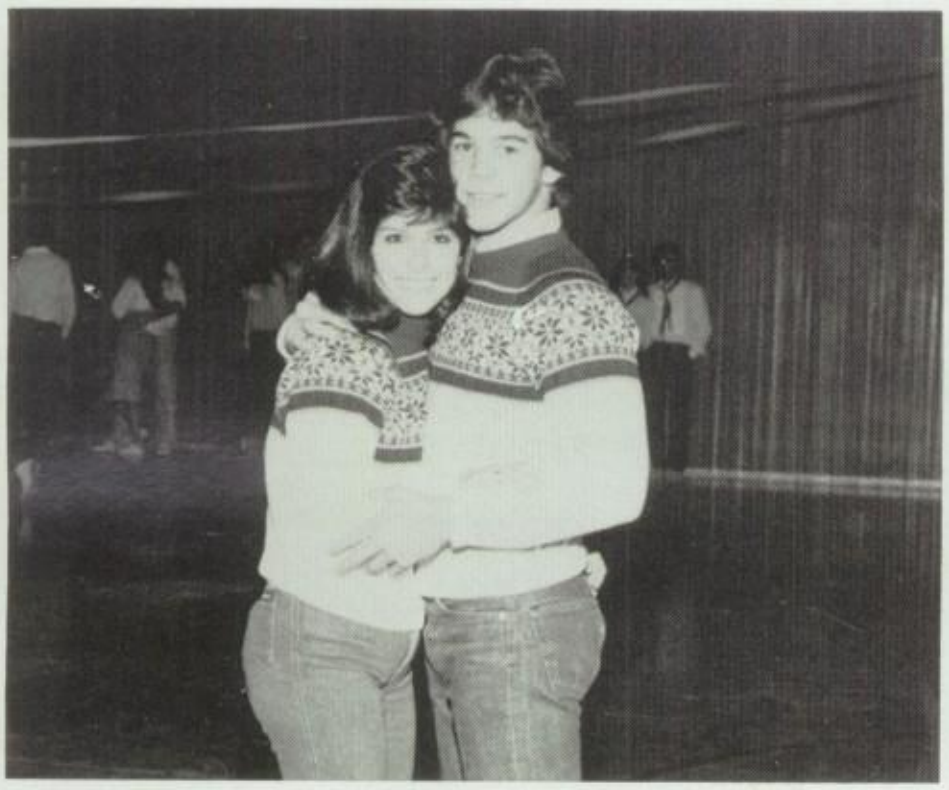
Girl's League Presents

Barnyard Hoedown

On November the 25th, 125 couples attended the Girl's Leagues Annual Backwards Dance, "Barnyard Hoedown". The dance was held in the gym, where the walls were decorated with farmlike pictures and pigs with the couples names on them. The music was provided by the D.J.'s, The Time Warp. The main event of the evening was when the King and His court were announced. The King and His court were nominated by members of Girls League. The King was senior Marc Cote, and his court was Paul Corbin (sophomore) Kent Zamora (junior) and Steve Nugent (freshman). The consensus of those attending was that everyone had a great time.



Is Marriage. . .

A Bed Of Roses?

There was a time when people walked into marriage with their eyes shut; not knowing the slightest idea of all the time and money that is involved in such an event. But at Rosemead things are different. A class called Personal Finance helps students prepare not only for the cost of the wedding ceremony, but with all the expenses and responsibilities that go along with married life. Some of the simulated problems in the class are preparing for the wedding; purchase of a house, putting children through school; dealing with all sorts of insurance and maybe even the passing away of a close relative. Yes, this class is almost like real life, the only difference is, in actual life there isn't a teacher (Mr. DiConti) telling you what to do next. But even then he tells you what to do and then you're on your own. The couples that were married during third and fourth period were: Christine Reyes and Robert Crosswhite; Stephanie Yates and Jesse Madrid.

Christmas Assembly . . .

Sings In The New Year

On December 16th, the 1983 Christmas Assembly was led by Mr. John Hensley and Mr. Larry Callahan. The theme was the "Musical Christmas Card". It featured the Music Company, the Panther Band, and Paula Curry as the Pianist. The choir did a fabulous job in presenting their theme. They had an excellent performance of "The Night Before Christmas." They also included the audience by having them sing traditional Christmas Carols such as Silent Night and Jingle Bells. The program was filled with enthusiasm by both adults and students.

Darlene Hernandez Crowned As . . .

Queen Of The Court

The night of January 21 was the finale of a week which ended with the crowning of Miss Maroon and White Queen. This night was Rosemead's basketball homecoming which had featured during the week such things as the judging and crowning of Mr. Legs, carnation grams and a basketball "contest" among the Maroon and White contestants during the annual pep rally. The basketball team played against Duarte, the eventual Mission Valley League Champions. The team played one of its best games of the season to highlight the night.

At halftime, the princesses were eagerly awaiting, along with the crowd, to see who would be crowned Miss Maroon and White Queen. Paula Curry, Deanice Dreibus, Darlane Hernandez, Gay Kojima, and Rebecca Terrades walked with their escorts toward the platform as they were announced. A nervous hush went over the crowd as the spotlight focused on Darlene Hernandez, the 1983 Miss Maroon and White Queen. The Queen and Her court watched the rest of the game waiting and hoping for victory.

The Panthers fought a well played game as Rosemead narrowly missed defeating Duarte 56 to 52. Some of the leading scorers for Rosemead were Gilbert Jimenez (14 points), Keith Whitener (13 points), and Marty Sanchez (8 points).

Dear Francie,
I'm so glad that we met & became friends in our macho class, weight-training! I had lots of fun in that class, and probably because you were in there! Remember all those problems we had to help each other & Annie through, good that was fun! I really hope that you have a terrific Summer and good luck next years in whatever you decide to do with your life!
Love always,

Foreign Exchange Students. . .

A Long Way From Home

Rosemead's Foreign Exchange students, Sari Latvanen, a senior, and her twin brothers Jari and Kari, sophomores, arrived in California from Espoo, Finland on September 1, 1982. They stayed with the Marriott family while they were in Rosemead. Sari liked California because of the warm weather, friendly people, and the chance to be independent, while learning the American lifestyle. Her younger brothers, Jari and Kari, also liked the warm weather, but liked Disneyland and Magic Mountain better. They all want to get a "California Tan" before they went home to Finland. The big differences between Finland and America is the diet (Americans eat more junk food), and the weather.

They have traveled to many places, such as Hawaii, Alaska, Denmark, Norway, Sweden, Italy, England, Mexico, and the Bahamas. For fun, they like to ski, windsurf, waterski, go sailing, and play tennis. They have made many friends here and hope to come back soon.

Underclassmen

To the underclassmen, graduation seems light years away. The average underclassman can foresee 2,613 pages of paper to be turned in, inscribed with English themes, math problems, and laboratory write-ups, not to mention enough crumpled mistakes to fill three dump trucks. He will stand in 700 lunch lines or, if the menu at the cafeteria doesn't make his mouth water, he may stuff and perhaps lose, the same number of brown bags.

It's predicted that the new students will miss 31 days requiring him to take 46 1/2 make-up exams and miss all homework instructions for the rest of the year. His locker will refuse to open ten times; on four other occasions, when it does open, it will be completely empty. His P.E. clothes will disappear twice and he'll have to pay a total of $9.83 for lost books.

The daily life of an underclassman varies from person to person. Sports, club activities and government involvement are parts of many people's lives. Each person has certain responsibilities that go along with their class. Juniors plan for their prom and sophomores take their proficiency tests, whereas freshmen just have to learn to survive RHS.

To Francie
You've been a real nice person to me, I'm going to miss you next year. It's bummer we didn't talk as much as last year. I wish you the best of Luck in the Future

Government

Leadership is a word associated with student government. Being involved in government isn't just having a title attached with your name. Government work is sometimes very difficult and causes many headaches. Everyone expects a dance after a home football game, but not all realize or appreciate the work that went into the dance. Chaperones, police, decorations and a DJ or a band are all part of putting a dance together.

Student government tries to express the student's views to the administration and puts them into action. One major event that took place was the one lunch program which started in the House of Representatives. Noontime bands and activities were added which were asked for by the students. The All Clubs Food Sale was planned and organized by the Associated Club Members. Any student body funds to be spend must first be approved by the Senate. School activities are discussed, improved and sometimes dismissed in the Senate. Student government tried to change school in ways which appealed to all, but in order to do this, the student body had to become interested and involved. Student Government has a large influence as daily school life and the people involved are the voices of the student body.

First Semester ASB Officers

President
Earl Bentancourt

Vice-President
Steve James

Earl and Steve were a very good team for the office of ASB President and Vice President. During their term in office they helped to get the one lunch program as well as the bands that played at lunch. Some of the bands were; Changes, Little Witlee, Tigers, and Romeo. Steve got together the All Clubs Day which was a success as well as being in charge of getting the halls and classrooms decorated for Homecoming, and Maroon and White Week. Earl got under way to get the voters counted for the Homecoming and Maroon and White contests. Both Earl and Steve are also actively involved in sports such as football and wrestling.

Hope Quintanar did a good job taking minutes at the senate meetings and keeping records for various other meetings. Paula Wellock also was consistent in keeping up the treasury reports.

The Judicial Board

The Judicial Board had the main job of reviewing the constitution. During the course of the year they collected the constitutions of all the clubs on campus to see if they matched with the one on file. If they felt there was any need to update our school constitution they would vote and take the proper course of action.

They were in charge of organizing the elections and made sure all the candidates had the proper qualifications. Along with these major duties they also had to keep a sharp eye out to aid in governing the school. Overall the Judicial Board is a very important part of school government.

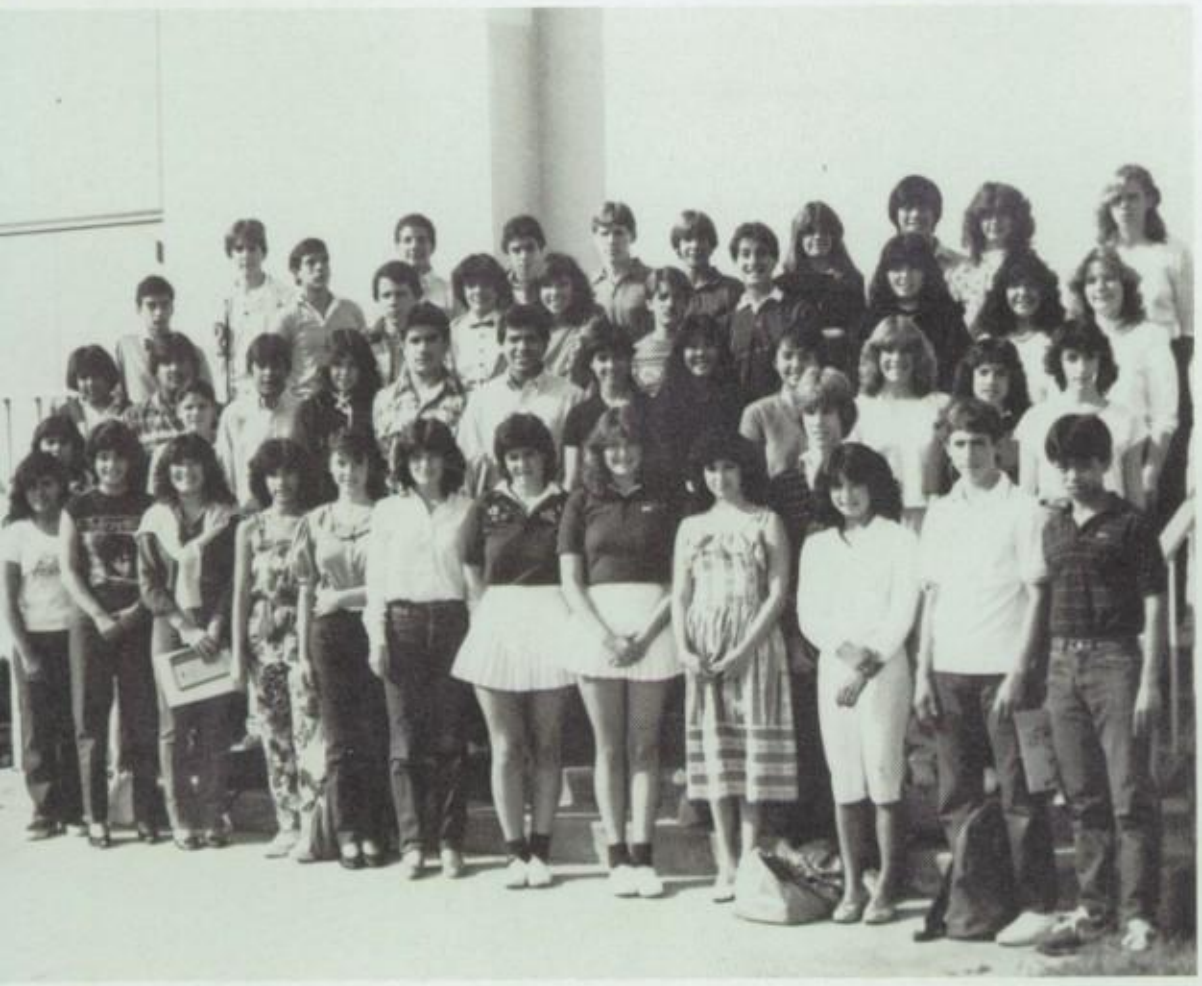
First Semester Chief Justice Was Lisa Alderete

The Members of the Judicial Board were: First Row: Carla Monico, Won Suk Cho, Second Row: Erick Wong, Ted Doyle, Lynn Sionosa, Tom Gordon, Jesse Vizcaino, Wing Leung.

House Of Representatives . . .

Done With Class

The House of Representatives is made up of one student from each second period class. This allows the average student to get involved in school government. The main job of the first semester House of Reps was to get the one lunch program into motion. The Second Semester House of Reps were in charge of organizing the car show along with the All Clubs Food Sale. The members must also inform their classes of the activities and events which may effect their daily school life. House of Reps is a very active part in Student Government.



The members of the First Semester House of Representatives were: Monica Alvarado, Leandra Apadaca, Ilda Jimenez, Gloria Collins, Hope Quintinar, Gina Collins, Veronica Lopez, Clori Ong, Paul Hawn, Joe Vaca, GiGi Montoya, Sonny Hayes, Sandy Robles, Carlos Torres, Steven Reeves, Anna Fragosa, Gay Kojima, Mayra Cortez, Julie Weizgerber, Sal Rodriguiz, Robby Nell, Elizabeth Barrios, Robby Geougher, Robert Crosswhite, Isable Gutierrez.

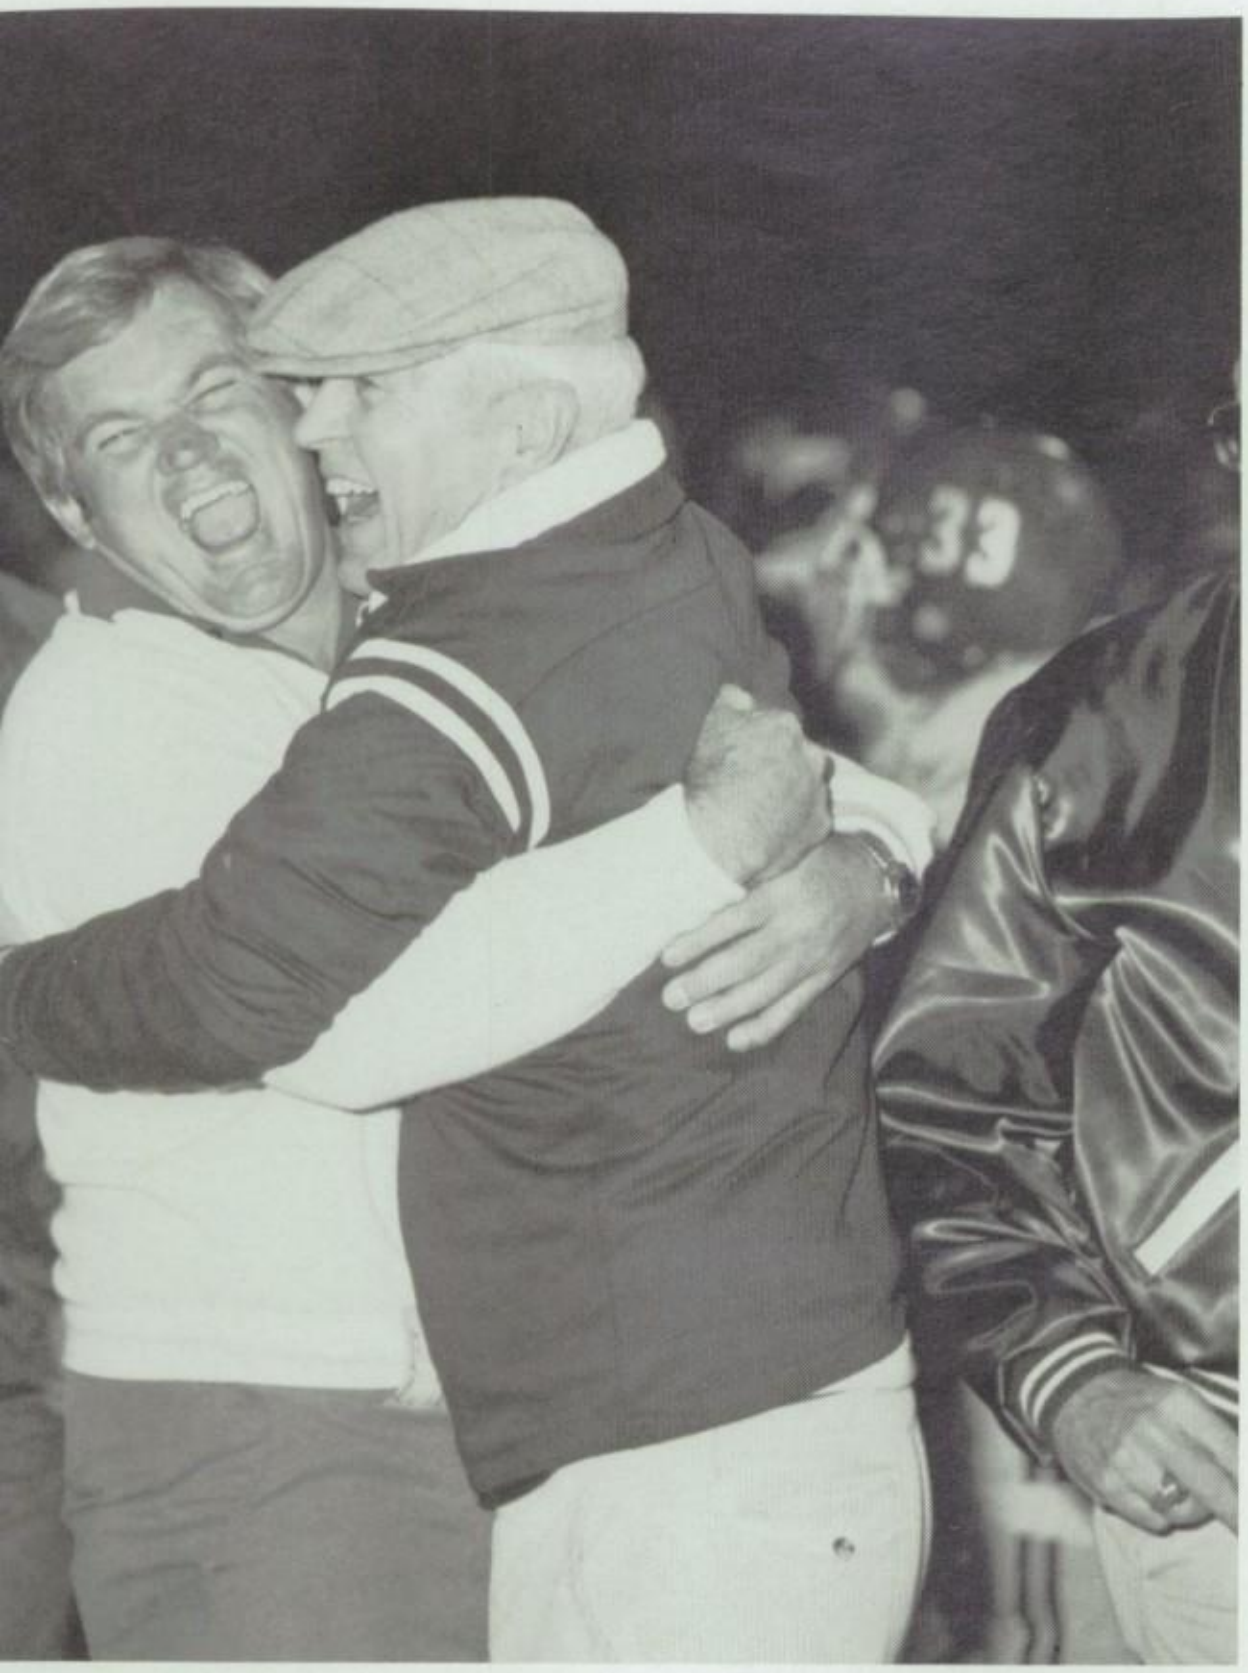
Faculty



Is being a teacher an ordinary, nine to five job? Most people would say, "Teachers have it easy." But if you ask a typical Rosemead teacher they'd say, "I don't think that's true."

These teachers aren't ordinary, they're extraordinary since they have 150 students everyday and keep track of classroom assignments. He or she must have keen senses so they can detect the sight of wandering eyes and the sound of constant chatter. But the real test of an "in tune" teacher is the ability to perceive even the slightest bit of snoring from a lethargic student.

In addition to natural abilities, teachers must acquire other survival skills. He or she must be able to live through chaperoning dances which are 70 decibels too loud, talking to irate parents who blame him for their child's failing grade or in determining which of 5,000 excuses for late homework are valid.

For all of this the teacher's reward is less than wonderful. The instructor is forever given a hard time by rebellious students, and the salary is nothing to write home about. So why are they teachers? Maybe it's fulfilling, then again it could be just plain insanity.

Rosemead High School Principal
Dr. E. Terry Irvine

The spirit of Rosemead High School is something that visitors feel when they arrive on the Panther campus. I am very proud of this spirit, but I am equally proud of the courtesy, friendliness, good manners, and academic atmosphere that we see here daily at our fine school. Your senior class theme "Marching Along Together" is especially appropriate for the class of 1983. Since you have been freshmen, you have demonstrated a "togetherness" that we don't often find in a high school class. My best wishes to you as you leave these halls of learning and go out into the world. I hope that you will continue to "march together" in order to make our world a better place in which to live!

Sincerely,

Dr. E. Terry Irvine

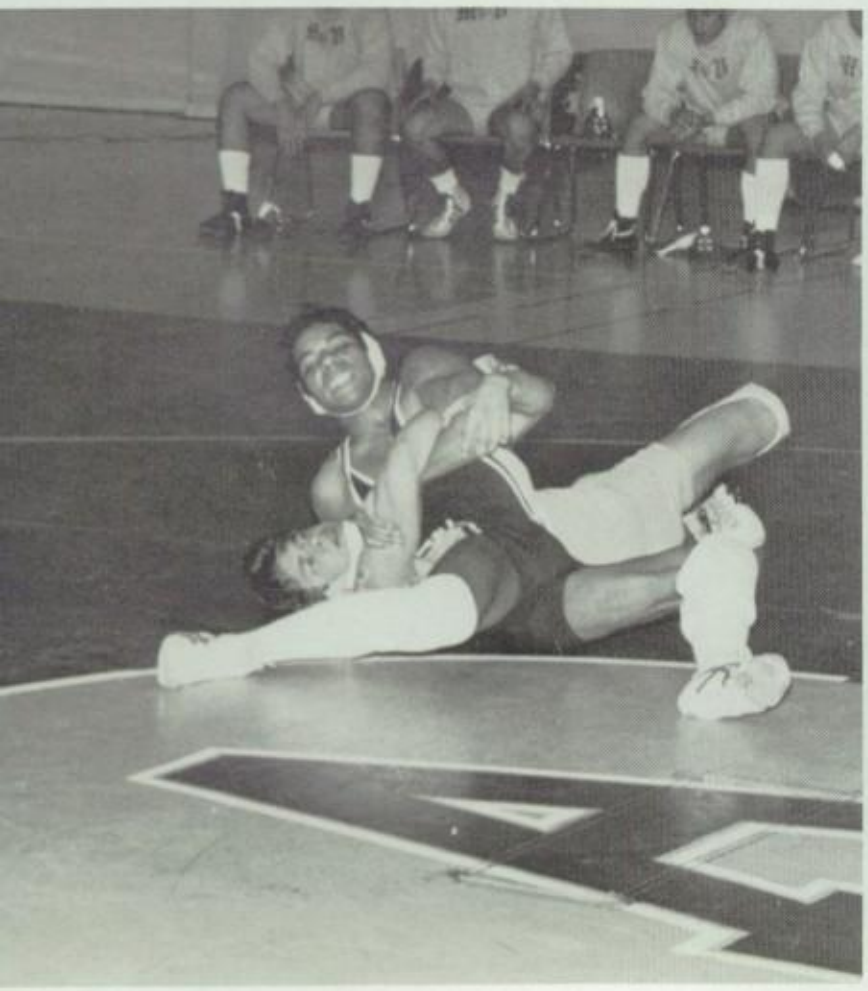
CIF

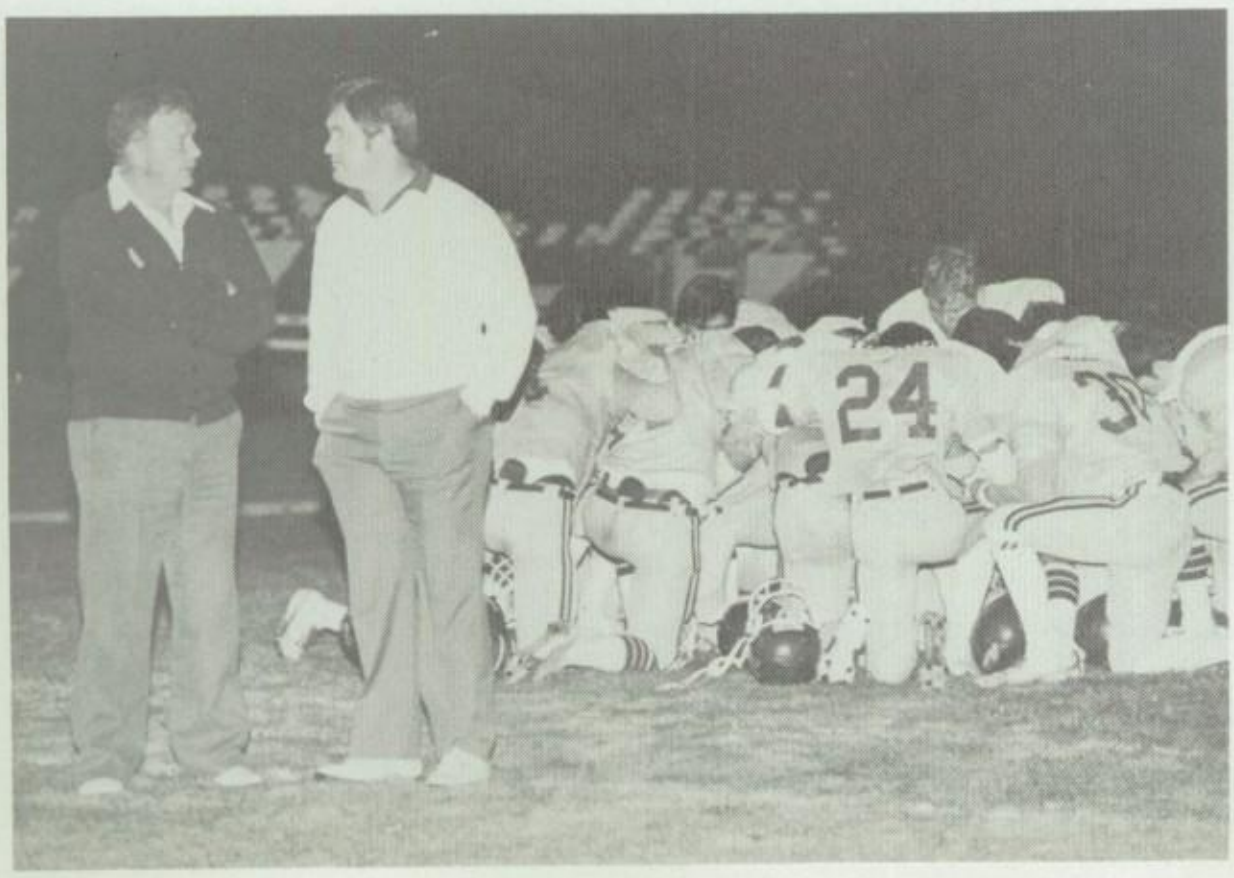


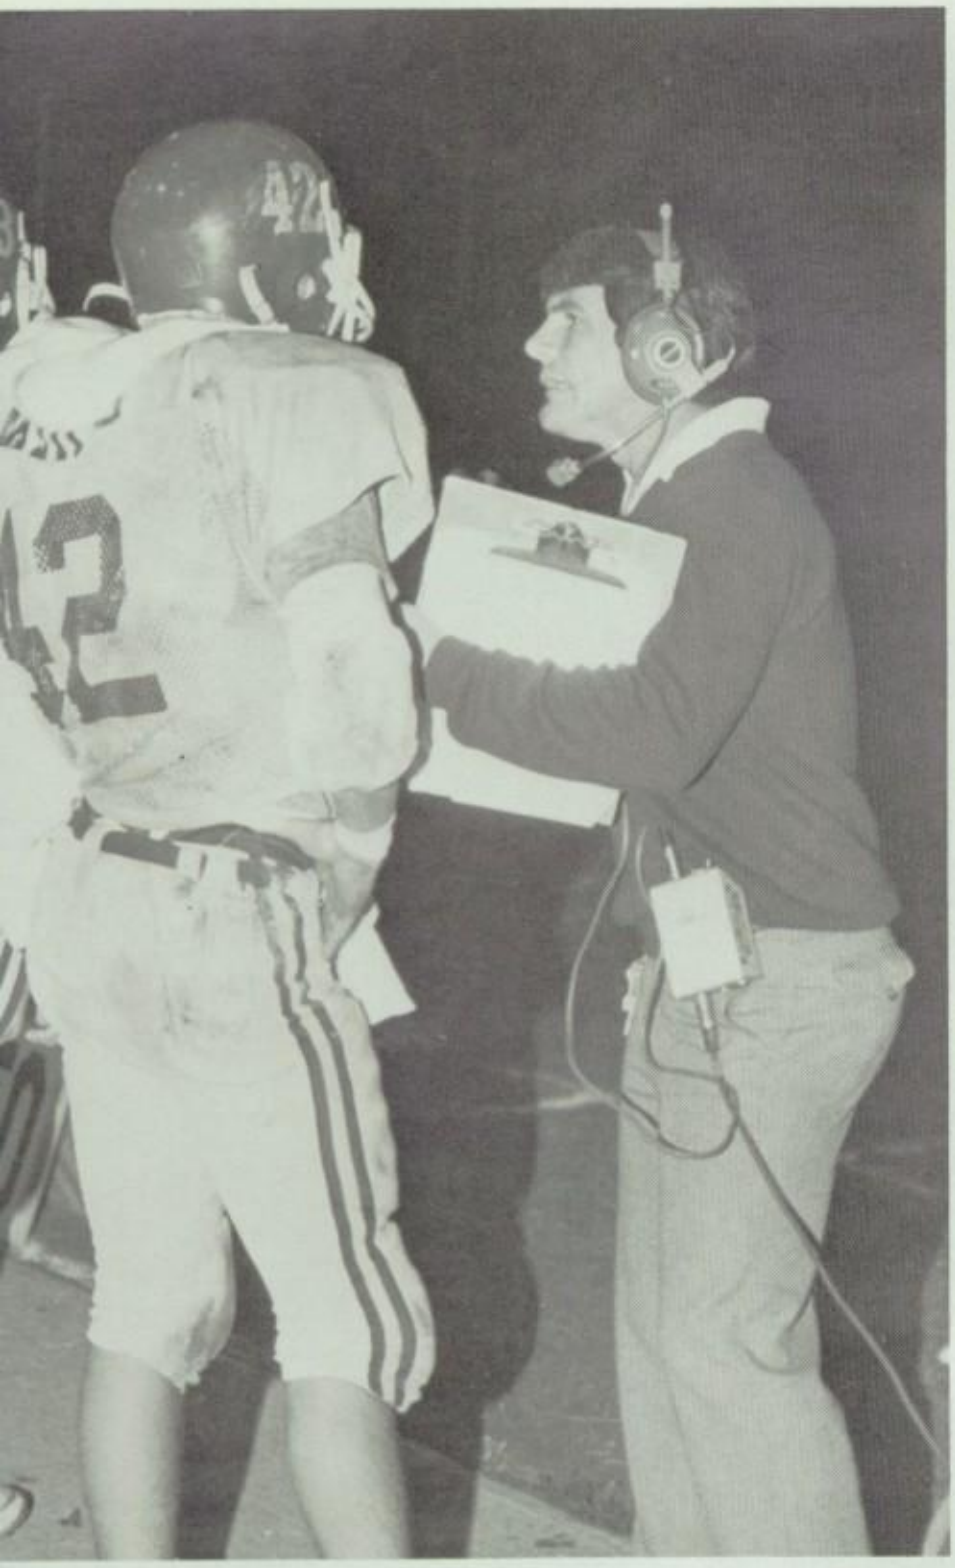
CIF Football . . .

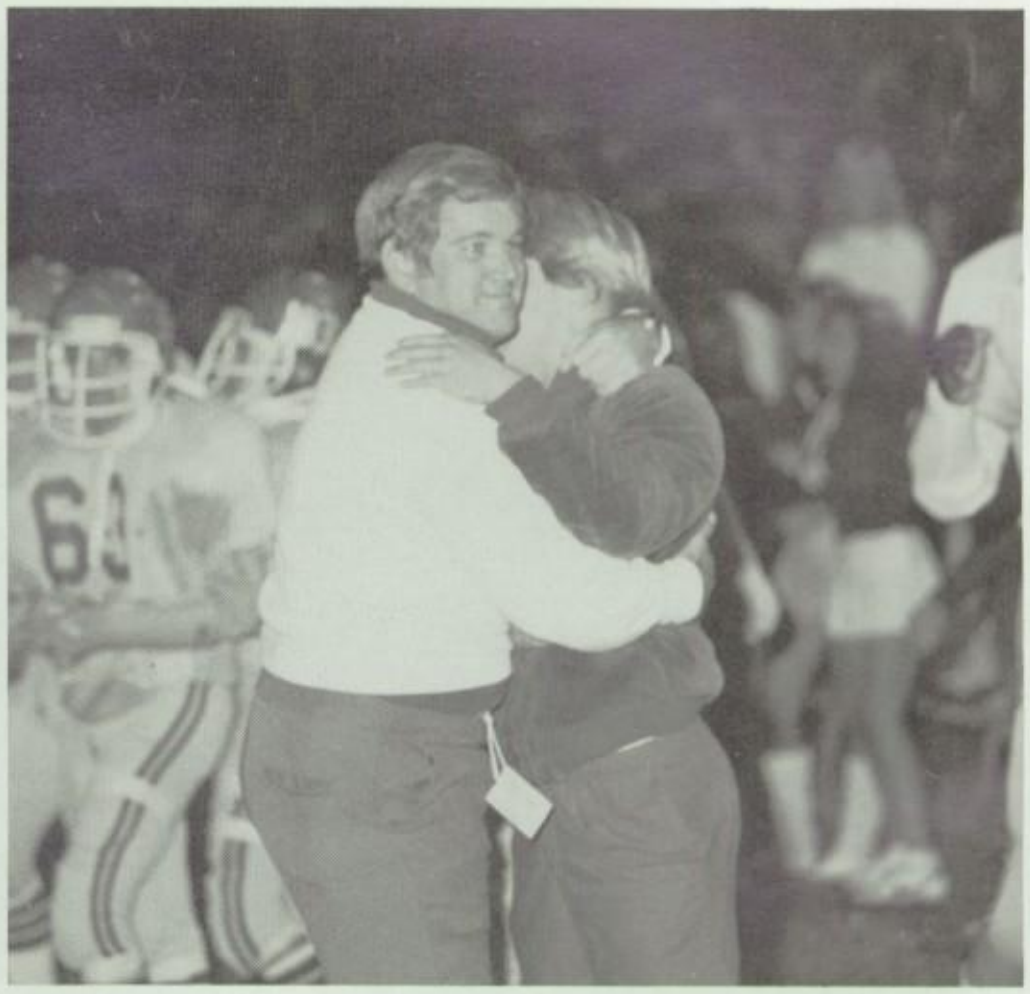
Beating The Odds

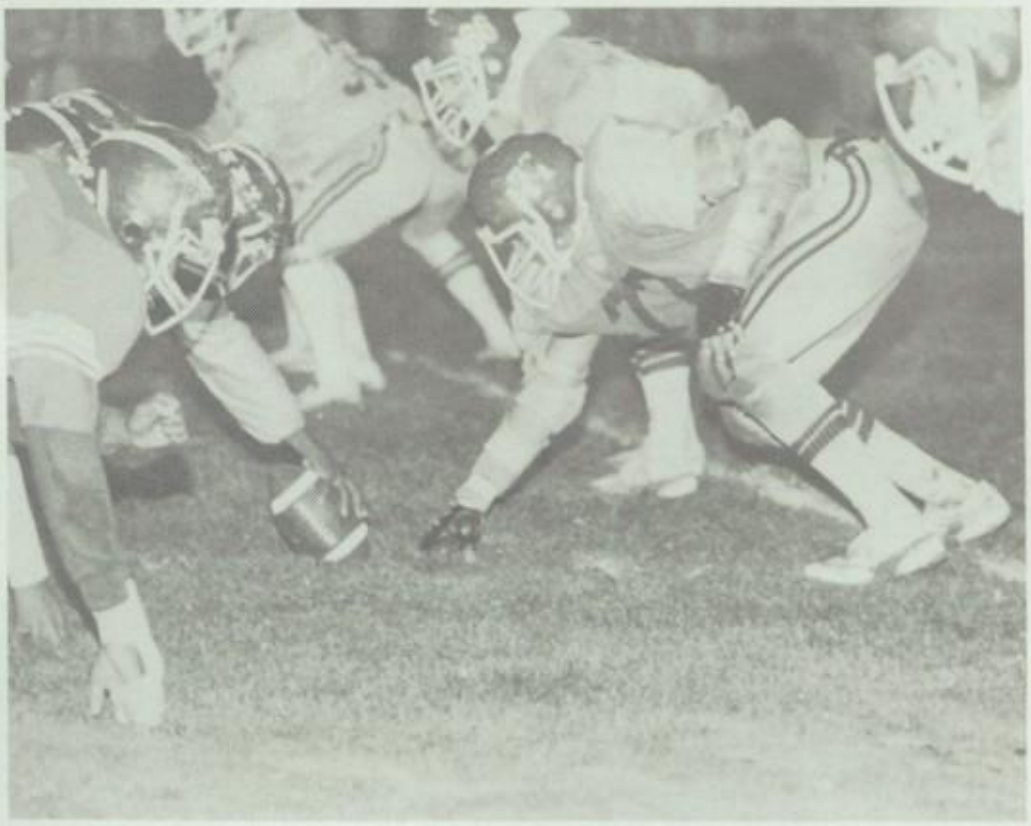
The 1982 playoffs witnessed the finest Panther football team in the 33 year history of Rosemead High School. The rugged road to the Southeastern Conference Championship began at Chino, with an impressive 22-0 victory for Coach Dunaway's fired-up Panthers. The Cowboy offense was no match for the unyielding Rosemead defense, led by Earl Bentancourt, Steve James, and John Andrade, who also added a touch to a fine defensive performance.

The defending CIF champions, the Indio Rajahs, visited RHS for the second round. The Panthers refused to be intimidated, however, registering a second incredible shut out in a 27-0 thrashing of the visitors. Jesse Madrid carried the ball for 118 yards in a fine display of open field running and quarterback, Derek Bland, completed 10 of 13 passes. The consistently punishing defense dispatched the Rajahs impressively.









CIF Football . . .

Success Through Dedication

Undefeated Baldwin Park met its match in Rosemead in an exciting semifinal contest enhanced with local flavor. The Panthers jumped out to a 14-0 and fought to a 14-7 victory, highlighted by Bentancourt's stellar play at linebacker and fullback. Gilbert Jimenez policed the defensive backfield and Mark Krajnik performed admirably for the injured Bland in a hair-raising fourth quarter.

The final turned out to be a monumental struggle between the Panthers and the Garey Vikings, the outcome being a 19-19 tie and a subsequent co-championship. Earl Bentancourt, the game and conference MVP, had his finest hour, and all the Panthers played their toughest in the bittersweet show-down. Students, Faculty, Administration and Parents will always remember the great season's finale at Mount San Antonio's football field.

Boy's Cross Country . . .

Unexpected Finish

What an exciting finish for the boys cross country team. Despite finishing fourth in the league finals, the team advanced to the CIF prelims at Mount San Antonio College because Mark Keppel was disqualified for not running enough runners. As a third place finisher in league the team was placed in a very tough heat of 12 teams. Only the top four would advance to the finals so Rosemead had to have a good race from all of the runners. Overall the team ran well as Ivan Esparza in his first varsity race ran a fine race along with Sal Rodriguez and Darrell Miho to place fourth and qualify. Rosemead was the only third place team to advance to the CIF finals. Qualifying for the CIF finals was a surprise to many people while Rosemead had the only team in the San Gabriel Valley to qualify both its boys and girls team in the CIF finals. Sal Rodriguez was named to the All Valley Cross Country and also the all-CIF second team.

CIF Girl's Cross Country . . .

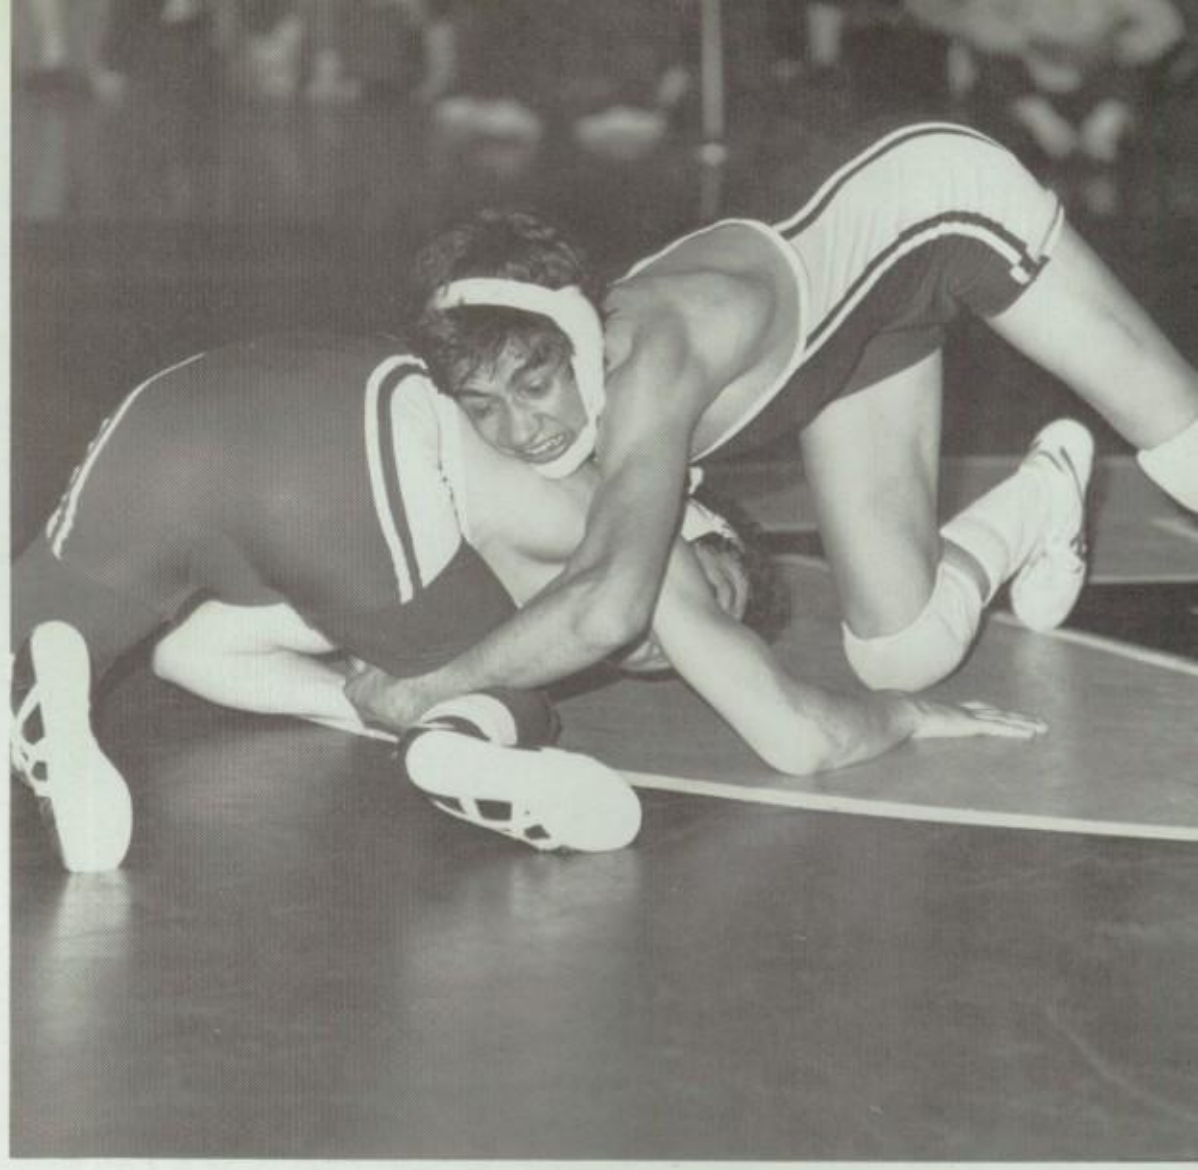
Practice Pays Off

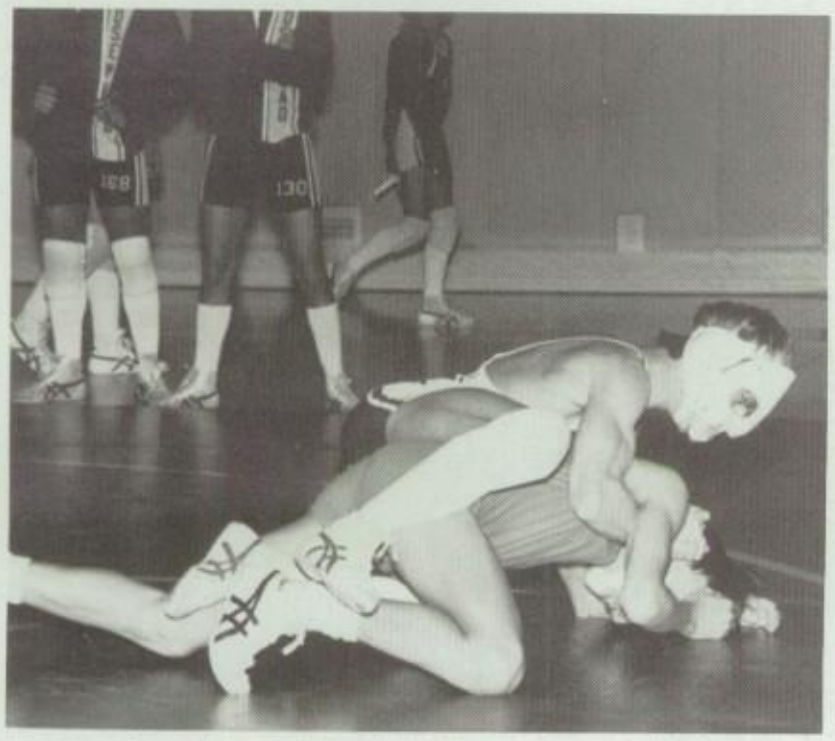
This year the girl's Cross Country team placed 3rd in their heat in the CIF Pre-lims to advance to CIF finals. The pre-lims and finals were held at Mt. Sac: a very tough hill course. This was the fifth straight year that the girl's cross country team had made it to the CIF finals. Doing well were Trish Flores, Jaymece Amador, Lynne Barron, Yvette Escarsega, Bridget LaFortune, Martha Velasco, Jennifer Price, and Penny Price. The girls had only two seniors on the team and is expected to be very competitive next year.

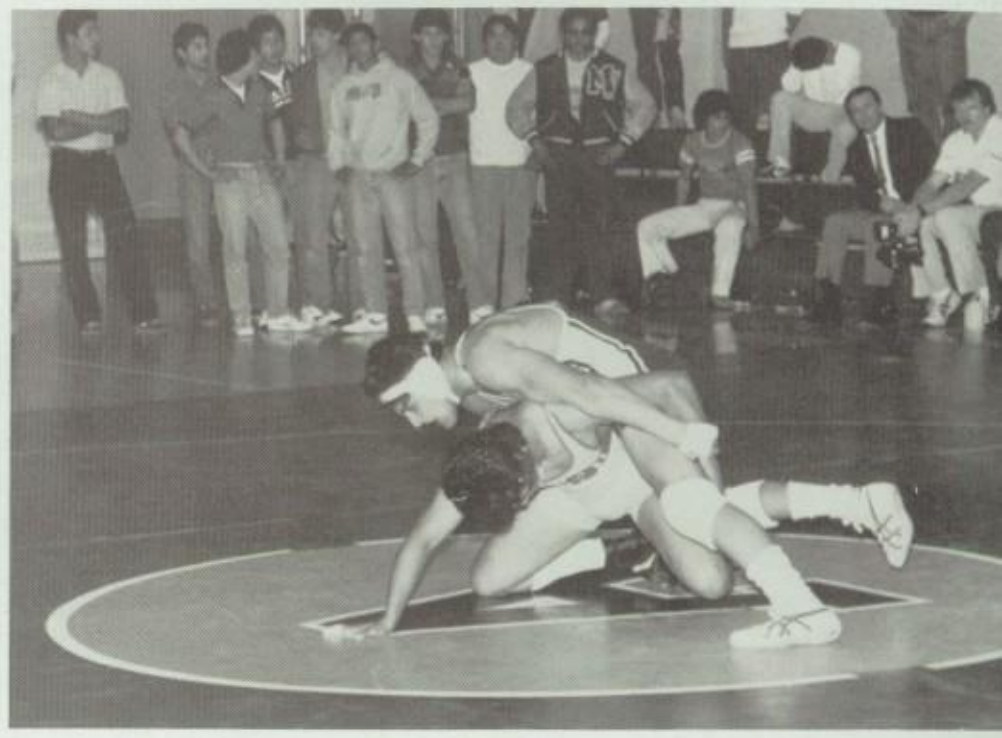
CIF Wrestling . . .

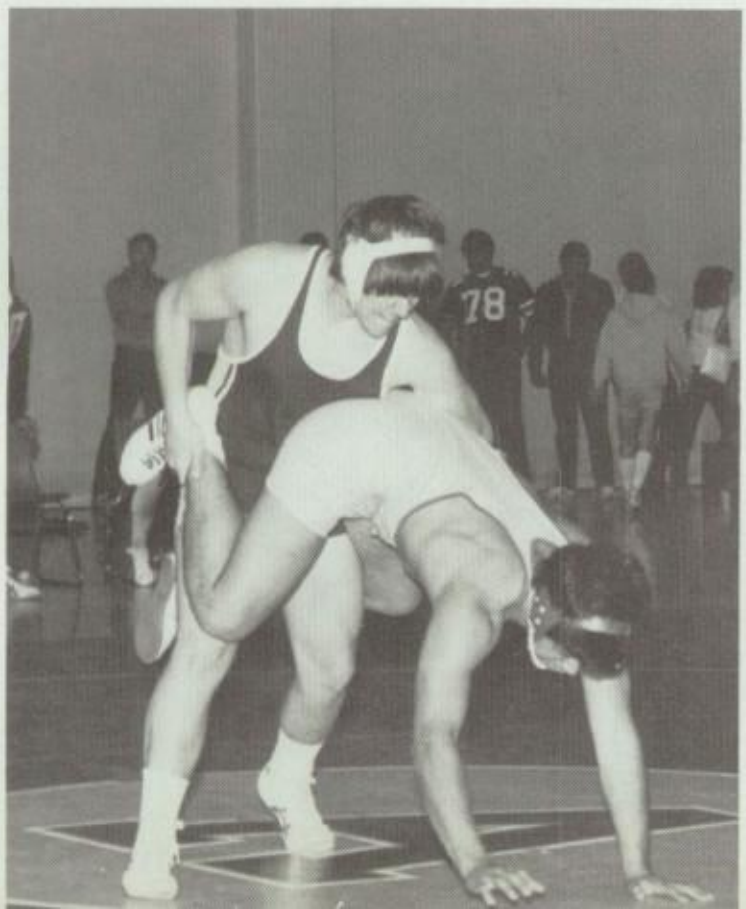
History Makers

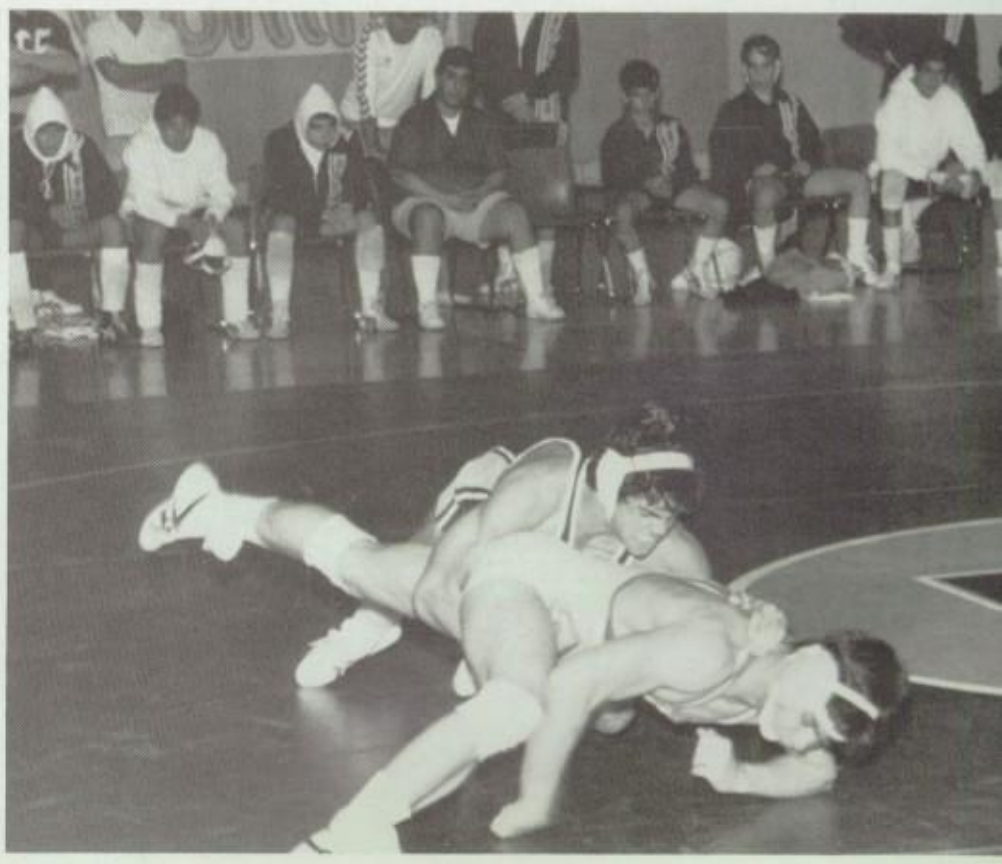
For the first time in Mission Valley League history Rosemead placed eleven wrestlers in CIF competition, making this the best wrestling team RHS has ever seen. Taking first in their weight division in league were Jaime Raygoza (122), Henry Castorena (135), Malcolm Boykin (141), Mike Tellez (203), and Andrew Mireles at heavyweight. Taking second in league were Danny Aguilar (101), David Bernal (108), Mark Jardino (115), Gary Chavarria (158), Dino Giancanelli (170), and Earl Bentancourt (188). In CIF competition David Bernal, Dino Giancanelli, and Earl Bentancourt each took seventh in their weight class while Henry Castorena took fifth and Malcolm Boykin took first. Henry and Malcolm advanced to the Master's Tournament with each doing well.

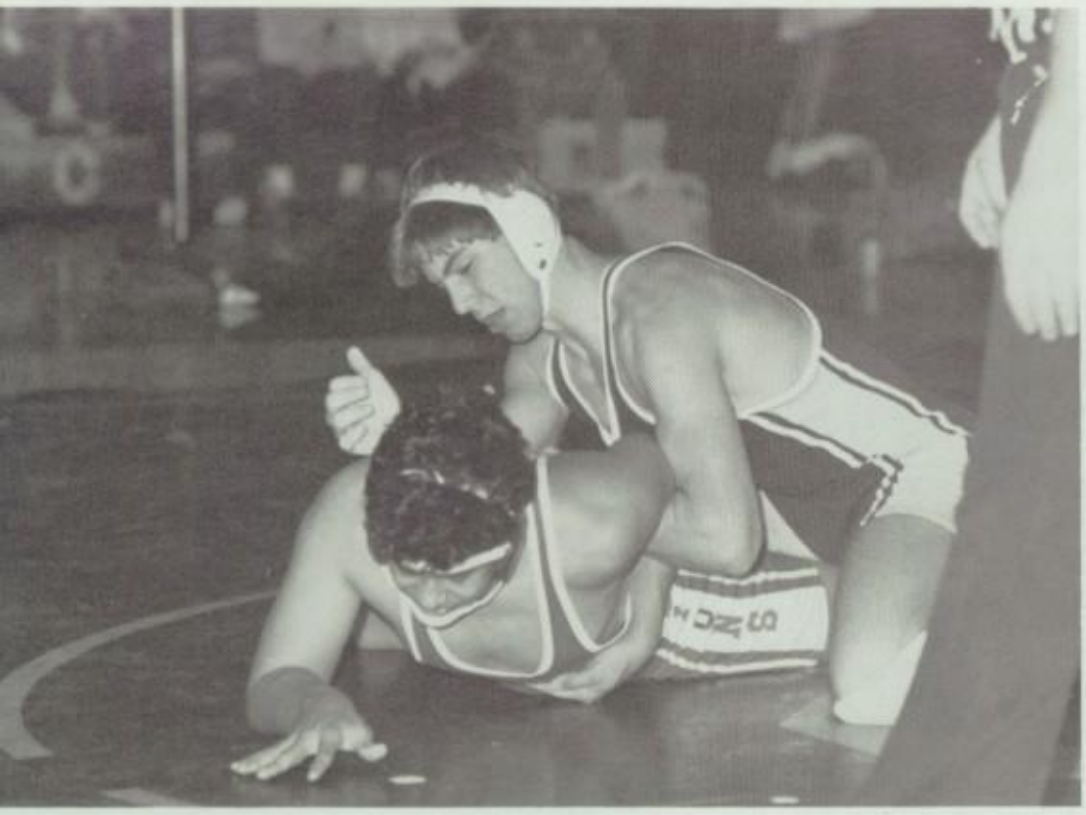


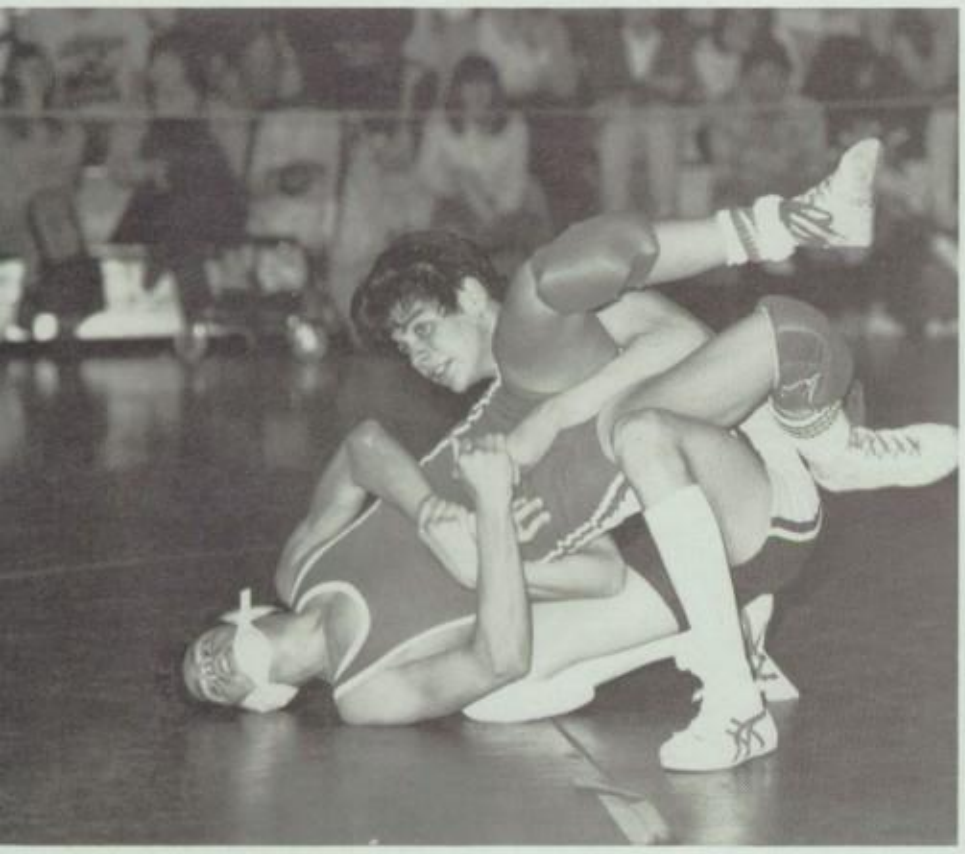


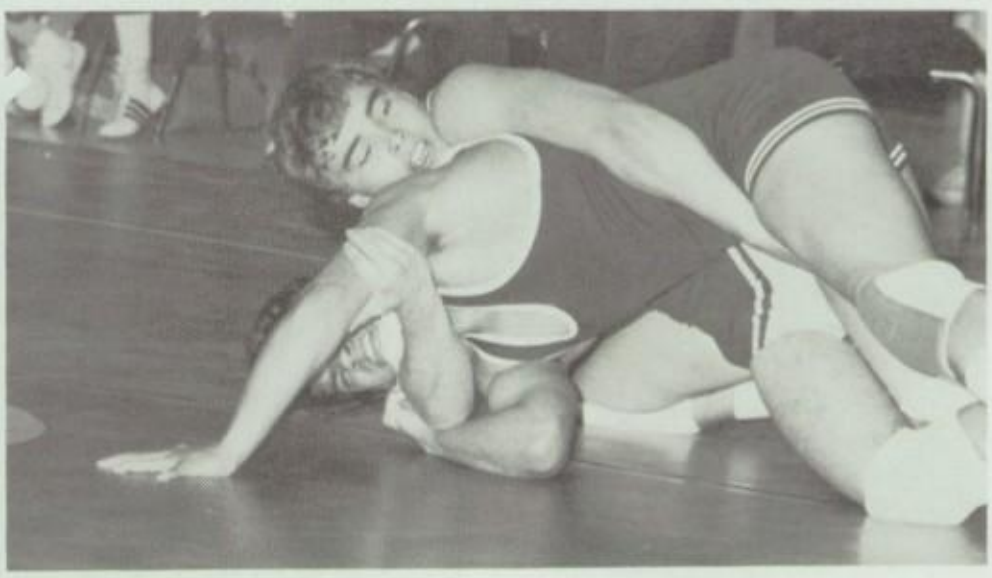












CIF Track . . .

Races To The Top

The prediction for the Panther post League performance in the 1983 CIF meets is favorable. Expected to carry the banner in the distance races is Sal Rodriguez, tops in the Mission Valley league as a one and two miler. Hurdlers Robert Crosswhite and Mark Krajnik have good chances to advance, as do shot-putters Steve James and Kent Zamora. A much improved Derek Bland should be a league medalist in the pole vault and therefore a contender in the AAA preliminaries. Mike Harding, a junior, led the Panthers in the jumps this season and should shine in his specialty, the high jump, when the Maroon and Gray qualifiers competed at Valencia High School for CIF honors last May.

For the girls, after winning the league, CIF competition will be the next goal. Toni Compton, last year's 2A champion in the long jump will definitely be expected to do well in the jumps as she has some of the top marks in the San Gabriel Valley. Other girls expected to advanced included Trish Flores, Joanna Gustaveson, Yvette Escarsega, Lynne Barron, Rachel Arguelo, and Julie Rodriguez.

Malcolm Boykin . . .

State Champion

The 1983 school year seemed to be one of making history. Malcolm Boykin contributed to this by becoming a California State Champion wrestler in his weight class. Malcolm, a senior, wrestled at 138 pounds and completed a sensational season by compiling a 48 win-5 loss-1 tie record. This was the second straight year Malcolm won the Mission Valley League Championship in his weight division and became the 3-A CIF Champion. Malcolm continued his winning streak as he advanced to the Master's Tournament (Southern Section) and again took first in his weight division. He went on to the Southern California Regionals where he placed first. This victory enabled Malcolm to compete in CIF State Tournament at Fresno. In the first round Malcolm won by default. The second round proved to be fruitful as he defeated his opponent 9-4. In the finals he stormed his opponent with a 13-4 win, making Malcolm the State Champion in his weight division.

Winding It Up

Looking back upon this year gone by we see those times that were so special to us. It seemed like yesterday we hearlded the Panther football team as CIF champs. We all felt proud and anxious as Mary Hernandez became a Tournament of Roses Princess. Again our girl's cross-country team took league championship and our wrestling team sent eleven to CIF competition with Malcolm Boykin becoming a state champion. Our band ranks didn't let us down by with several competitions with the songleaders taking first in a state wide competition and banners taking fifth. One thing which everyone could relate to was the achievement of the student body establishing one lunch.

Each one of us can come away from this year with a sense of achievement and fulfillment. The freshmen, with their eagerness to please, have passed through a year where they were branded as juvenile. The sophomores, no longer the youngest class on campus, long to be upperclassmen. Who could forget the ambitious juniors, striving to be seniors before their time, by trying to better the seniors in everything they did. Last, but certainly not least, the seniors who have finally completed their last year of high school. They leave Rosemead with lasting memories and life-long friends to enter a world filled with hopes and dreams.

We end this year each with our own special thoughts of what the future holds. We bid farewell to a year that flew by, which we can never relive but will stay in our hearts forever.

Help Wanted

When I decided to accept the job of editor I had mixed feelings about what to expect. I tried to teach my staff the new ideas that I had to produce a different book. But I discovered the hard way they had to learn through experience. This teaching method did not always lead to friendly conversation between staff members. Drawing and redrawing pages, writing and rewriting copy and searching for the best pictures were part of the daily routine. We all had times of laughter but we also had times of despair. Staying after school to complete deadlines wasn't our favorite way to spend an afternoon. There were times when we all felt like quitting. It seemed to be that we never had enough done. But we all worked together and finished pages just in the nick of time. When everything was done, we all felt a sense of accomplishment, and with this book, we know those hours were well spent. We tried to capture the memories of the 1983 school year and bring them to you without becoming a victim of Mr. Boyd's famous tortures.

I would like to thank my staff individually for their efforts and putting up with my never ending demands: LeeAnn for her cheerful singing, Becky for brain-damaging scheduling, Cream Cheese Begal (Bernie) for "Ei-Ei-R", Jill for being "pink", Dawn for her **dumb** stories, Carmela for "Oh my stars", Stacy for soap opera information, Debbie for boat races, Steve for wrestling lessons, Pearl for "Chuba-Chuba", Susana and Maria for their Puerto Rican singers, Betty for keeping her mouth shut, and Lynne for trying.

Thanks,

Dawn Guire

Dear Jeanie, :)

Well honey, prepare, because I'm about to
tell you, we finally it after so many years, I
don't believe it, but it's true and it only us
three and the world. We've opted at last
to be there to meet you and really opt to know
you. I remember the first time I really
got the chance to meet you. It was a total
nervous but it blew you and you come up to
me and looked me a Happy Birthday and handed
me a cookie you and I said - it was surprised
but, you know what I handed out all of the cookie
you gave me to my first punch class! We almost
had to keep telling them out high school,
remember their talks we had at the park, how
we used to daydream about being
big up and our family pictures about grow-
ing to be a part of all planned to run away
we even went thus it. There was the deep, talk
that knew why, (just kidding) you just always
meant to be their just later of never you
together, I do, remember Virginia, oh what
a wish you the best of luck in life, God
only knows you deserve it! The positions at
work will turn out because you pursue and two doing
remember that all always have my shoulder
for you if you ever need me. Should
always have a special place in my heart
but they said and when we get older,
